Subject: RE: April's Monthly Inspection

Hello,
I got both instruments "comms transfer" to go through. We should be up to date on all inspections at this point.
Thank you ,

He who commits injustice is ever made more wretched than he who suffers it. Plato

Subject: April's Monthly Inspection

I conducted both of the inspections for the 815 and the 816. I printed out both of the form 40's, no problem. When it dialed the number to upload the inspection, it come back as busy and would redial itself after every 5 minutes. It did this 3 separate times for each machine. Any help would be helpful.
Also can I get a fax number so I can fax the monthly inspections to FDLE. Thank you

Sgt. Forinash
