Good Afternoon,

Attached are the October 2019 Agency Inspections for the Hernando County Sheriff's Office.

Instrument 5249 was inspected with no issues to report. Instrument 5249 is currently being utilized as our primary instrument.

Instrument 814 was not inspected. Instrument 814 is currently awaiting service at CMI, Inc as of 10/16/2019. Instrument 814 lost power and was not able to be powered back on during September 2019.

Instrument 812 was inspected with no issues to report. Instrument 812 is currently being utilized as our back up instrument.

All of our instruments have had their annual inspections completed by FDLE.

All of our simulators have been calibrated by TechSource and we are now on a one year calibration cycle for our simulators.

If I can be of additional assistance, please do not hesitate to contact me.

Respectfully,
Sgt. B. Collito

Sgt Collito,

Thank you for the update.

Just to confirm we still have one operational instrument, correct?

Subject: Intozxilyzer 80-000814 Update

Good afternoon,

I received a telephone call today from FDLE in reference to our inoperable instrument. FDLE has advised me to complete a handwritten Form 40 Agency Inspection Report due to the inability to complete an inspection on 80-000814 this month. FDLE was unable to power up the instrument. Per our request, the instrument will be sent to CMI, Inc for diagnosis and repair.

Thank you
