**Subject:** Question

Good Morning,

I am in the process of doing my monthly inspections and one of the instruments (80-000966) failed the .05 test. It tested too low. Would you like me to send it to you or start the test over. I believe it may have been a bit cold, cause all the other instruments are doing just fine, and that was the first one I tested. Let me know.

Thanks,
