Hey there sir well we received the instrument so I want to thank you so I did an inspection and completed the inspection last night not looking at what date was on the gas cylinder and almost new gas cylinder I have attached and a brand-new one we have still in the package are both expired on April 1 so the sheriffs office is going to be giving us one tonight so I will have to do the inspection over if I am allowed to and not have any issues. I am sorry I really really hate making mistakes and messing up. Let me know if that is okay or if there's anything else I need to do. Thank you again so much and hope to hear from you soon.

Hello, I know you were going to check on the update of our instrument but I was wondering if they are still working on ours and going to keep it for a while longer, is there anyway we could be sent a loaner instrument? I was just wondering but let me know either way and thank you.
