Shayla, just a heads up, Deputy Dave Caglioni of the St. Lucie County SO called and will be sending 80-000788 to you. The instrument was sent to CMI and returned to the agency instead of ATP. He tried to conduct an Agency Inspection and received an error. He will send a copy of the paperwork along with the instrument. I mentioned that it should have been sent here from CMI so that a Department Inspection could have been conducted before going to the agency to be placed in evidentiary use. He said he was aware of this, but it didn't dawn on him at that time it had not been sent via ATP.
