Alcohol Testing Program

Ref: Inspection Intoxilyzer 8000

RECEIVED

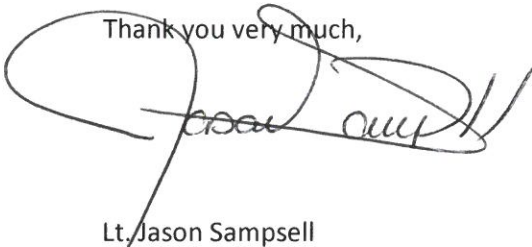

FEB 24 2017

**FDLE
Alcohol Testing Program**

The Orange City Police Department's Intoxilyzer inspector recently passed away suddenly due to natural causes. Our intoxilyzer was last serviced last month. I reached out to DeLand Police Department to have the monthly inspection completed, while we wait for two of our officers to attend the class. DeLand Police Officer TJ Petrella attempted to complete the inspection, however was unable to complete it because we don't have the password. The FDLE password nor his password worked.

Could the password be reset and the February inspection be completed?

Thank you very much,

A handwritten signature in black ink, appearing to read "Jason Sampsell", written over a large, loopy flourish.

Lt. Jason Sampsell

Orange City Police Department

207 N. Holly Ave

Orange City FL 32763
