Port St. Lucie Police Department

memorandum

To: Whom It May Concern
From: Officer I Harris #291 *IH 29*
Date: 06/22/2017
Subject: May Agency Inspection SN's 1962 and 1323

This memorandum shall serve as notice that the May inspections were not completed due to a work related injury I sustained. As the sole agency inspector, I was on no duty status and unable to complete the inspections of Port St Lucie Police Department's Intoxilyzer 8000s, serial numbers 8000-1962 and 8000-1323 during the month of May. The instruments were removed from service until I was able to return to work and complete an agency inspection on 06/22/2017.

Shayla,

I was out on medical leave during the month of May and was unable to complete the inspections for 80001962 and 80001323. I returned to work today and completed the inspections. Additionally I am sending you 1323 for department inspection. I am placing a hard copy of my internal memo documenting the missed inspection in May. I also am attaching it to this email. Sorry for the hassle.

Ian

Subject: 2017 Department Inspections

Good Afternoon,

I hope you all are having a great year thus far. I'd like to thank all of the agencies that have sent their instruments for an annual inspection. For those agencies that have not sent in an instrument(s) please do so at your earliest convenience. I would like to have 100% of the department inspections for the instruments in my region completed by October. Therefore, if you have multiple instruments at your agency please go ahead and begin sending them in. As always if you have any questions or concerns please feel free to reach out and let me know.

Thank you all.

Shayla Platt
