Alcohol Testing Program

Jake,

I have completed the monthly agency inspection for 80-000777, and will be shipping it to you for its annual inspection.

Secondly, in the past there have been issues with our intoxilyzers reading low on simulator tests. The agency has purchased two new simulators to attempt to correct this issue, as Cpl. Crews and I felt this was the cause of the low readings. This month was the first month we used the new simulators; and the agency inspection for both intoxilyzers went without error and everything read as it should. I just wanted to follow up with you and let you know that we have corrected the low reading issue.

Thank you,
