Good Morning,

Here is the email listing the problem prior to being sent up to you guys for its annual. Furthermore, I am still waiting on CMI to call me back as I left them a voicemail for the part order. Thank you.

Good afternoon Sir,

I am sending an Intoxilyzer 8000 (80-003411) up to you guys for its annual inspection.

Also, I was unable to do the Agency Inspection for the month of January due to the Intox not going into "Read Mode", it stays on "Not Ready Mode" and I've had it on for multiple hours and it will not go into ready mode.

It will be addressed to FDLE. Thank you very much.
