Good Morning Michael,

Attached is the Form 40 for our instrument ending in 06939. It was unable to be inspected yesterday with the others due to the power resetting itself. I was wondering if you could tell me when you would be available for me to drop the instrument off to you to be looked at. I know you typically have them shipped over to you, but it is easier for us (given the paperwork to have something paid for to be shipped) to just bring them over and drop them off.

If you need to talk more about the issue, please text me tomorrow and I will give you a call (I am working all night so I may be sleeping).

Thanks!
