Would you like to deregister the instrument?  
We can register it again once/if the regulator is purchased and have it inspected.

Israel,

I'll be picking up the Blountstown intox and returning it back to the department. I advised the Chief it will be out of service and disabled until they

**order a regulator. It will not have its annual inspection for 2021. Until then the contact person for that intox will be Chief Mark Mallory with the Blountstown Police Department. They do not have an agency inspector.**
