

Success Story

October 2015 – Orange County

A missing fourteen-year-old female sent text messages to friends stating that she had been abducted and was being held against her will by two men. This information was given to law enforcement and an AMBER Alert was authorized. The child's friends received the AMBER Alert notification and told the child that law enforcement authorities were looking for her. The child was found a few blocks near her home.

If you have any questions about the Florida AMBER Plan, please contact the Florida Department of Law Enforcement Missing Endangered Persons Information Clearinghouse at 1-888-356-4774.
