Sexual Battery is a Crime!

In Florida, the legal term for rape or sexual assault is sexual battery (F.S. 794.011). Sexual battery means oral, anal, or vaginal penetration by, or union with, the sexual organ of another or the anal or vaginal penetration of another by any other object, committed without your consent.

Consent means **intelligent, knowing, and voluntary** consent and does not include coerced submission. **Failure to offer physical resistance to the offender does not imply consent.**

A person under 16 years of age cannot legally consent to sex. Also, a person 24 years of age or older or a person in a familial or custodial position of authority cannot receive consent from 16 and 17 year old minors.

Forensic Exam

What is a forensic exam?

The forensic exam is a head-to-toe exam to collect evidence and check for injuries after a sexual crime.

What are my rights with regard to the exam?

- Stop the exam at any time
- Have an advocate from a rape crisis center with you
- Be informed about the status of the kit during processing

What evidence is collected?

During the exam, the medical professional may collect blood, urine, saliva, pubic hair combings and/or nail samples. They may also collect items of your clothing. They will ask you questions about the crime and your medical history in order to help them collect evidence.

What happens to the evidence?

If you make a report to law enforcement, your kit will be sent to the regional or statewide lab within 30 days for testing. The lab is required to process the kit within 120 days.

If you don't report the crime to law enforcement at the time you obtain the exam, your kit will be stored anonymously. Your kit may be stored for only a limited time, depending on your community's storage space. The local rape crisis center can advise you about the storage timelines in your community.

Will I be prescribed any medication?

The medical professional may provide HIV prevention medication. Also, you may be able to get emergency contraception if you are concerned about pregnancy as a result of the crime. If the medical professional is unable or unwilling to assist you, the local rape crisis center can assist you. You may be responsible for paying for medications and additional health care costs.

By law, medical providers **cannot charge you** for an exam, even if you have insurance and even if you don't report the crime to law enforcement.

MYTHS/FACTS

MYTH: You can only be raped by a stranger.

FACT: Most perpetrators are known to their victim. 82% of sexual assaults were perpetrated by a non-stranger. 47% of assaults were committed by a friend or acquaintance.

MYTH: Only women are raped.

FACT: 1 in 5 men have been victims of a sexual crime and are eligible for services from Florida's rape crisis centers.

MYTH: I didn't fight back so it's not a crime.

FACT: A perpetrator can be arrested even if you didn't physically resist. Not fighting back does not imply consent!

NATURAL REACTIONS

There is no "right" way to feel after being assaulted. Victims experience a variety of reactions, including:

- Denial
- Shock
- Anger
- Confusion
- Fear
- Anxiety
