Rule 11B-21.005, F.A.C., requires that a Commission-certified training school conducting CJSTC first aid training have the following equipment available:

1. The training materials shall include the following:
   - Non-disposable blanket
   - Adult resuscitation manikin
   - Infant resuscitation manikin
   - Disposable protective gloves in varying sizes
   - Imitation or simulated blood
   - Body Substance Isolation (BSI) kit that includes gloves, eye protection, facemask or shield, gown or coverall with sleeves, shoe covers, and biohazard bag
   - Roll-type bandages (2" or 3")
   - Splinting equipment (boards, magazines, pillows, and etc.)
   - Gauze pads (4" x 4")
   - Triangular bandages
   - Adhesive Tape
   - Trauma Dressing
   - Occlusive dressing
   - CPR mask with one-way valve (one for each student)
   - Tourniquet Kit (commercial or improvised materials)

2. For every two students actively and physically engaged in first aid practical exercises and testing, the training school shall provide 64 square feet of unobstructed floor space. For each additional student actively and physically engaged, add an additional 32 square feet. Victims are not considered when calculating the total square footage requirements.

3. Areas where first aid is used for practical exercises shall be equipped with a first aid kit. The first aid kit shall be at the facility when basic recruit students are actively engaged in practical exercises, and shall be immediately accessible to instructors and basic recruit students.

   The first aid kit shall include at a minimum the following supplies:
   - Protective gloves of varying sizes
   - CPR mask with one-way valve
   - Gauze bandage; one roll any size
   - Adhesive bandages; one box of 1" or 2"
   - One roll of adhesive tape
   - Cold pack, or plastic bags and ice to make a cold pack
   - One pair of blunt tipped scissors
   - Emergency blanket
   - Two 4" bandage compresses
   - Two triangular bandages
   - One eye-dressing kit
   - One occlusive dressing
   - Two trauma dressings
   - One biohazard disposal bag
   - Sterile eyewash
   - Commercially produced tourniquet
