An accreditation program has long been recognized as a means of maintaining the highest standards of professionalism. Accreditation is the certification by an independent reviewing authority that an entity has met specific requirements and prescribed standards. Law enforcement agencies and Inspectors General in Florida can attain accredited status through the Commission for Florida Law Enforcement Accreditation, Inc. Correctional facilities and agencies with pretrial or probation responsibilities can achieve accredited status through the Florida Corrections Accreditation Commission, Inc.

These Commissions meet three times per year to oversee the accreditation program and to officially accredit agencies that have passed the rigorous review process.

# Remembering Jay Preston

## Preston was 'instrumental' in creating High Liability Trainers Conference

The Criminal Justice Professionalism Division and members of the criminal justice community mourn the loss of long-time FDLE member Jay Preston. Jay passed away on November 12, 2016 after an extended illness.

Jay began his career with FDLE in 1987 and worked with the agency until his retirement in 2009. Jay worked in many areas within the Professionalism Division, including the Officer Records Section, the Field Services Section, the Florida Criminal Justice Executive Institute, the Bureau of Training, and the Professional Compliance Section.

His contributions to the criminal justice community were immense.

Of all the areas Jay worked, his passion was in working with the subject matter experts in the high liability areas and coordinating the High Liability Trainers Conference.

In fact, Jay was instrumental in the creation of the High Liability Trainers Conference, which was established to provide a forum for high liability

## 2017 Analyst Academy begins in Orlando

The 2017 Florida Law Enforcement Analyst Academy classes kicked off January 9, in Orlando, and a second class will begin July 10, in Tallahassee.

In 2003, the Florida Department of Law Enforcement developed the Florida Law Enforcement Analyst Academy (FLEAA). Analysts learn criminal and intelligence analysis skills that are used by law enforcement and other emergency responders to successfully prevent crime and conduct complex investigations.

During this six-week academy, the analysts are challenged with hands-on training, assignments, and weekly quizzes. They develop the skills necessary to complete individual and group research projects. Students take a comprehensive examination following the completion of all course work. Successful graduates receive a state certification as a law enforcement analyst.

To date, there have been 26 academies and over 600 people have graduated, becoming certified law enforcement analysts in the state of Florida. These graduates represent over 100 different agencies and they perform the gamut of tasks and responsibilities possibly assigned to an analyst.

If you are interested in attending one of the academy classes in 2018, the application process begins in the spring. FDLE accepts applications to attend both Florida Law Enforcement Training and FLEAA classes beginning May 1st through July 1st of each year. Applicants who are approved to attend will be notified as soon as the selection process is completed. If an applicant is not selected for the 2018 program, they must reapply to be considered in subsequent years.

Detailed information concerning the prerequisite requirements and the application process are on our website: <http://www.fdle.state.fl.us/cms/Analyst-Academy/Home.aspx>. Questions can be emailed to [AnalystTraining@fdle.state.fl.us](mailto:AnalystTraining@fdle.state.fl.us).
