Revised January 2015
FLORIDA’S DOMESTIC SECURITY STRATEGIC PLAN

Since the tragic events of September 11, 2001, Florida has implemented a solid domestic security strategy aimed at prevention and response.

Florida’s Domestic Security Strategic plan remains a working document, reviewed and prioritized each year. Seven Regional Domestic Security Task Forces (RDSTF’s) co-chaired by a local sheriff or police chief and the local FDLE Special Agent in Charge, are the foundation of Florida’s Domestic Security Strategy.

These multi-jurisdictional and multi-disciplinary task forces work together to strengthen Florida’s domestic security preparedness, prevention, protection, mitigation and response. In addition to law enforcement, task force members include first responders such as fire-rescue, emergency management, public health and hospitals. The task forces also work with schools, businesses and private industries.
