Subject: BUI instead of DUI

A test was conducted on 05-09-10 at @ 2230 hours by D/D P. Judah. She called me to state that she entered it as a DUI when it was a BUI. The subjects name is Tullis, Larry. I advised her to be sure to check and make sure it is a DUI before the test, but that the print out looks the same whether it is a DUI or BUI. I advised her that it doesn't make the test invalid, it just needs to be changed in the computer. I will be doing my ai this week and I wanted to give you a heads up that it would need to be changed manually. If there is anything I can do on my end before my ai, please let me know. Thanks. ✓ LPB
