

Residence Restrictions For Sexual Offenders And Predators: Do They Really Make A Difference?

Jamie L. Rudd Jr.

Ordinances are being implemented throughout the country that restricts sexual offenders and predators from living within certain areas. While there is some variance in the details of these type ordinances from jurisdiction to jurisdiction, they all are enacted with one common goal in mind: to protect our children. Information gathered through surveys and interviews helps give an understanding of how these ordinances affect law enforcement and offenders. It also looks at the successes and failures with these ordinances as well as their constitutional issues.
