

SEARCHING THE FEDERAL EXCLUDED PARTIES LIST

This document is intended to instruct subrecipients on the process steps for determining if a vendor is suspended or debarred from receiving federal funds. In compliance with 2 C.F.R. §200.214 subrecipients are prohibited from entering into a contract or using federal funds to procure items from certain parties who are debarred, suspended or otherwise excluded from or ineligible for participation in Federal assistance programs or activities. In addition, a prohibition on certain telecommunication and video surveillance services or equipment went into effect on August 13, 2020. In accordance with these requirements set out in 2 C.F.R. §200.216, subrecipients of FDLE awards are prohibited from obligating or expending grant funds to:

1. Procure or obtain;
2. Extend or renew a contract or procure or obtain;
3. Enter into a contract to procure or obtain equipment, services, or systems that use telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system, produced by Huawei Technologies Company or ZTE Corporation (or a subsidiary or affiliate of such entities).

For more information regarding the Prohibition of Certain Telecommunications and Video Surveillance Services or Equipment, please see DOJ's [Prohibition on Covered Telecommunications and Video Surveillance Services or Equipment FAQ](#).

PROCEDURES:

Prior to obligating grant funds, subrecipients should determine if their selected vendor or entity can be found on the Excluded Parties List. Vendors on the Excluded Parties List are suspended or debarred from receiving federal funds. The subrecipient should refer to the System for Award Management (SAM) website to search for exclusion records.

STEPS:

1. Once a vendor or entity has been selected, prior to the obligation or payment of federal funds, the subrecipient should go to <https://www.sam.gov/SAM/> and select "Entity Information."
