Program Description

The Florida Department of Law Enforcement (FDLE) received an award from the United States Department of Justice (DOJ) to pass-through \$312,597 in Project Safe Neighborhoods (PSN) funding. This award is to be used by the United States Attorney's Office (USAO), Southern District of Florida, which includes all counties listed in Appendix A of this solicitation.

The PSN program is designed to create and foster safer neighborhoods through a sustained reduction in violent crime, including but not limited to, addressing criminal gangs and the felonious possession and use of firearms. The program's effectiveness depends on the coordination, cooperation, and partnerships of local, state, tribal and federal law enforcement agencies, and the communities they serve, engaged in a unified approach led by the USAO Southern District of Florida.

Program Objectives

The PSN program objectives are to:

- Implement effective programs and strategies enabling PSN task forces to prevent, respond to, and reduce violent crime;
- Effectively use intelligence and data to identify high crime areas and prolific violent offenders;
- Foster effective collaboration with effective communities; and
- Create and maintain ongoing coordination among federal, state, local, and tribal law enforcement officials.

Program Strategy and Purpose

The PSN program encourages the development of practitioner-researcher partnerships using data, evidence, and innovation to create strategies and interventions that effectively make communities safer. This data driven approach enables jurisdictions to understand the full nature and extent of the crime challenges they are facing and to direct resources to the highest priorities.

Evidenced-Based Programs or Practices

The DOJ Office of Justice Programs (OJP) strongly emphasizes the use of data and evidence in policy making and program development. OJP considers programs/practices to be evidence-based when their effectiveness has been demonstrated by causal evidence, generally obtained through one or more outcome evaluations. Causal evidence documents a relationship between an activity or intervention (including technology) and its intended outcome, including measuring the direction and size of a change, and the extent to which a change may be attributed to the activity or intervention. Causal evidence uses scientific methods to rule out, to the extent possible, alternative explanations for the documented change.

The OJP CrimeSolutions.gov website at <https://www.crimesolutions.gov/> is one resource that applicants may use to find information about evidence-based programs.

Information Regarding Potential Evaluation of Programs and Activities

Applicants should note OJP may conduct, or support, an evaluation of the programs and activities funded under this solicitation. Subrecipients (at any tier) will be expected to cooperate with program-related assessments or evaluation efforts, including the collection and provision of information or data requested by OJP (or its designee) for the assessment or evaluation of any activities funded under this solicitation.

- Educate and train local law enforcement partners in best practices to aid in state or federal prosecutions and the adoption of PSN principles.

- Empower youth in TEAs to make healthy life choices instead of turning to violence through the enhancement of the District's Prevention Outreach program.

Intergovernmental Review - Federal fiscal year 2021 PSN program is subject to Executive Order 12372, "Intergovernmental Review of Federal Programs." As a result, FDLE may provide information regarding subrecipient applications to the state single point of contact to satisfy this requirement.

Match

This program does not require a match. However, if an application proposes a voluntary match amount, and FDLE/DOJ approves the budget, the total match amount incorporated into the approved budget becomes mandatory and subject to audit.

Prohibited Uses

Administrative costs/fees for applicants/subrecipients are not allowable on PSN subawards.

PSN funds may not be used to supplant state or local funds. Funds must only be used to increase the amount of funds that would, in the absence of federal funds, be made available for the given activities. For more information on supplanting, see [Section 2.3 of the DOJ Grants Financial Guide](#).

Project Adjustments - Retroactive (after-the-fact) approval of project adjustments or items not currently in the approved subaward will only be considered under extenuating circumstances. Subrecipients who incur costs prior to approval of requested adjustments do so at the risk of the items being ineligible for reimbursement under the award.

Costs Requiring Pre-Approval

Conference/Meeting/Training Costs

OJP policy and guidance encourages minimization of conference, meeting, and training costs; sets cost limits including a general prohibition of all food and beverage costs; and requires prior written approval of most conference, meeting, and training costs. Subawards requesting grant funds for meetings, trainings, or conferences may be required to complete and submit an OJP event submission form upon request from FDLE and/or OJP.

Sole Source

If a subrecipient requests to procure goods or services costing \$10,000 or more by sole source to a single vendor, a sole source justification must be submitted to FDLE for approval prior to the obligation of grant funds. For a sole source procurement over the federal Standard Acquisition Threshold (SAT) of \$250,000, written pre-approval must be obtained from both FDLE and DOJ. Subrecipients should submit the completed "Sole Source Justification" [form](#) with the application or as soon as the procurement method is known.

Sole source approval applies to the amount of the total procurement, regardless of the amount of federal investment in the purchase. Before submitting a request for a sole source procurement, applicants should carefully review the conditions governing this type of procurement (see [2 C.F.R. § 200.320\(c\)](#)).

National Environmental Policy Act (NEPA)

Any improvement, building enhancement, or construction project will require pre-approval to ensure

compliance with NEPA. This may include relatively minor activities such as installing fence posts, security or surveillance cameras, or anchoring any item to the ground. If the grant will fund any activities that may fall under this requirement, review the subaward standard condition related to NEPA and the section of the DOJ/BJA website related to [NEPA compliance](#) and contact FDLE's grant's office for assistance.

Publications and Other Media

All media created, published, and/or altered using federal grant funds must be reviewed and approved by FDLE and/or BJA prior to release or distribution. This includes any curricula, training materials, brochures, or other written materials that will be published, including web-based materials and web site content, as well as all audio or video materials, including Public Service Announcements. Subrecipients must submit a draft of each proposed item to OCJG **no later than thirty (30) days prior** to the targeted dissemination date. For items containing videos, a transcript may be provided with screenshots or a description of the visual portion.

All materials publicizing or resulting from award activities shall contain the following statements:

"This project was supported by Award No. 15PBJA-21-GG-03011-GUNP awarded by the Bureau of Justice Assistance, Office of Justice Programs. The opinions, findings, and conclusions or recommendations expressed in this publication/program/exhibition are those of the authors and do not necessarily reflect the views of the Department of Justice."

This requirement does not apply to the purchase or reproduction of existing materials or items created by other agencies or vendors, unless the subrecipient alters the item in any way. Neither does this requirement apply to items serving only to advertise an event or the availability of services. Please contact FDLE's grant's office with questions or to clarify pre-approval requirements.

Additional Requirements

PSN applicants will be required to complete the following documents at the time of application; failure to do so may result in the withholding of funds until items are received.

Subaward Management Capabilities and Compliance Questionnaire (SMQ)

All applicants are required to complete the [Subaward Management Capabilities and Compliance Questionnaire](#). FDLE will use this form to validate eligibility to apply for, receive, and maintain the PSN subaward. Additionally, this validation will allow FDLE to expedite the monitoring process and ensure all subrecipients are in compliance with program requirements. Applicants must submit a Subaward Management Capabilities and Compliance Questionnaire (SMQ) to FDLE with their application.

Certification Regarding Lobbying; Debarment, Suspension, and Other Responsibility Matters; and Drug Free Workplace Requirements

Subrecipients are not permitted to use federal funds, directly or indirectly, in support of any lobbying activity. A subrecipient receiving or requesting an award exceeding \$100,000 must certify compliance with this requirement.

Additionally, a person/agency that is debarred, suspended, declared ineligible or is voluntarily excluded is prohibited from receiving federal funds under this grant program. All subrecipients must certify the subgrantee organization, and any vendor or lower tiered subrecipient, is eligible to receive these funds.

State agencies applying for federal grant funding under this program must certify compliance with the Drug-Free Workplace Act of 1988, including establishing and maintaining a drug-free work environment.

Failure to submit the ["Certification Regarding Lobbying, Debarment, Suspension, and Other Responsibility Matters; and Drug Free Workplace"](#) to FDLE may result in a withholding of funds condition on the subaward until this requirement is satisfied.

Contractual Services Subrecipient vs. Contractor Determination

Subrecipients utilizing funds in the Contractual Services budget category must adhere to the subcontracting

requirements below. All subrecipients should review the [“OJP Subaward vs. Procurement Toolkit”](#) for information regarding the two types of subcontracting.

Any applicant using grant funds in the Contractual Services budget category must complete and submit the [“Subrecipient vs. Contractor Determination Checklist”](#) for each contracted services item listed on the budget, to FDLE along with the application.

Employment Eligibility Verification

Subrecipients must ensure that as part of the hiring process for any position that is or will be funded (in whole or in part) with award funds, the employment eligibility of the individual being hired is properly verified in accordance with the provisions of 8 U.S.C. 1324a(a)(1) and (2). The subrecipient may choose to participate in, and use E-Verify (www.e-verify.gov), provided an appropriate person authorized to act on behalf of the subrecipient entity uses E-Verify to confirm employment eligibility for each position funded through this award.

Determination of Suitability to Interact with Participating Minors

Subrecipients, at any tier, who plan to use federal funds to partially or fully carry out activities under this award to benefit a set of individuals under 18 years of age must make determinations of suitability before certain individuals may interact with participating minors. Further information regarding this requirement is located on the OJP website <https://www.ojp.gov/funding/explore/interact-minors>.

1. Any applicant using grant funds to benefit a set of individuals under 18 years of age must complete and submit the [“Suitability to Work and/or Interact with Minors Certification.”](#)
2. Subrecipients must maintain and submit the [“Suitability to Work and/or Interact with Minors Tracking Sheet.”](#)

Telecommunications and Video Surveillance Services or Equipment

In compliance with 2 C.F.R. 200.214, subrecipients are prohibited from entering into a contract or using federal funds to procure items from certain parties who are debarred, suspended or otherwise excluded from or ineligible for participation in federal assistance programs or activities. In addition, a prohibition on certain telecommunication and video surveillance services or equipment went into effect on August 13, 2020. In accordance with these requirements set out in 2 C.F.R. 200.216, subrecipients of FDLE awards are prohibited from obligating or expending grants to:

- A. Procure or obtain;
- B. Extend or renew a contract or procure or obtain;
- C. Enter into a contract to procure or obtain equipment, services, or systems that use telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system, produced by Huawei Technologies Company or ZTE Corporation (or a subsidiary or affiliate of such entities).

Applicants who intend to use grant funds to procure telecommunications, video surveillance services, or equipment must:

1. Complete and submit the [“Telecommunications and Video Surveillance Services or Equipment Certification.”](#)

Provide documentation the manufacturer and vendor has not been suspended or debarred from receiving federal funds in SAM.gov prior to the drawdown of funds.

Subrecipient Civil Rights Training *NEW*

In compliance with Office of Justice Programs (OJP) requirements, the grant manager of the recipient entity is required to complete a two-part Civil Rights Training and maintain copies of the training certificates within their grant file(s) to be reviewed at monitoring. To complete these trainings, visit the [OCJG Civil Rights Training for Grantees](#) webpage.

The Federal Funding Accountability and Transparency Act (FFATA) was signed on September 26, 2006, with the intent to empower every American with the ability to hold the government accountable for each spending decision. The end result is to reduce wasteful spending in the government. The FFATA legislation requires information on federal awards (federal financial assistance and expenditures) be made available to the public via a single, searchable website, [usaspending.gov](https://www.usaspending.gov). FDLE is also required to report subaward data to FFATA.

Florida Accountability and Contract Tracking System (FACTS)
