Reporting Period:

The following pages outline general questions and performance measures for the Bureau of Justice Assistance (BJA) Violent Gang and Gun Crime Reduction (also known as Project Safe Neighborhoods; PSN) Grant Program.

A PSN evaluation, funded by the National Institute of Justice and conducted by Michigan State University (MSU), found that PSN target cities achieved a 4.1 percent decline in violent crime compared to a 0.9 percent decline in non-target cities and of the PSN sites for which case studies were conducted, 8 out of 10 experienced statistically significant reductions in violent crime, ranging from 2 percent to 42 percent. Key factors for success included U.S. Attorney's Office leadership, cross-agency buy-in, and the flexibility of the program to adjust to the realities of individual jurisdictions. Drawing on the results of MSU's evaluation, PSN's goal is to reduce gun and gang violence by the most violent individuals in target neighborhoods by employing a research-driven, intelligence-led, and problem-solving approach to reducing firearm and gang violence through enforcement, deterrence, and prevention.

### PROGRAM OBJECTIVES

- OBJECTIVE 1: Establish and expand evidence-based programming in PSN task forces so that they can effectively and sustainably prevent and respond to gun and gang crime.
- OBJECTIVE 2: Create and maintain coordination among Federal, State, local, and tribal law enforcement and prosecution officials; researchers; social service providers; and community members with an emphasis on prevention, tactical intelligence gathering, more vigorous and strategic prosecutions of gun and gang crimes, and enhanced accountability.

### STRUCTURE OF THE QUESTIONNAIRE

The PSN Grant Program questionnaire contains performance measures and narrative (goals and objectives) questions. OCJG completes the performance measures in the BJA Performance Measurement Tool (PMT) four times per year to report on your activity during the prior 3 months. Subrecipients are required to complete the goals and objectives questions twice each year.

### ROLES AND RESPONSIBILITIES FOR COMPLETION

OCJG's expectation is that the person completing these questions will know the status and progress of all aspects of your PSN program. Therefore, your agency's PSN coordinator/grantee point of contact (or another designated person with working knowledge of the PSN project) should complete these questions on your PSN initiative's behalf. Your agency should also consult with your research partner and other partner agencies to complete these responses.

**FAILURE TO SUBMIT THE PERFORMANCE QUESTIONNAIRE BY YOUR AGENCY'S  
REPORTING DEADLINE WILL RESULT IN THE WITHHOLDING OF FUNDS ON YOUR  
SUBAWARD.**

**Please contact the Office of Criminal Justice Grants at (850) 617-1250 for any questions  
regarding this report.**

### AWARD ADMINISTRATION

Is this the last reporting period for which the award will have data to report? *For example, all funds have been expended, and the award is in the process of closing out in the Justgrants grant management system. If you select "Yes," you will be directed to answer the question in the **Closeout** section. This is a one-time-only question that you will answer prior to report closeout.*

Yes

No

If yes, answer the Closeout question and create a final report.

1. Was there **grant activity** during the reporting period? *There is grant activity when the grantee has obligated, expended, or drawn down grant funds to implement objectives proposed in the BJA-approved grant application. If you select "Yes," the program becomes Operational and should remain so until the grant closes out.*

Yes

No

If no, please select from the following responses:

Reason(s) for no grant activity during the reporting period.	Select all that apply
In procurement	
Project or budget not approved by agency, county, city, or State governing agency	
Seeking subcontractors (Request for Proposal stage only)	
Waiting to hire project manager, additional staff, or coordinating staff	
Paying for the program using prior Federal funds	
Administrative hold (e.g., court case pending)	
Still seeking BJA budget approval	
Waiting for partners or collaborators	
Other	

If Other, please explain:

2. Please complete the following table indicating the percentage of your PSN award allocated for each of the following categories. *Percentage allocations should represent the entire life of the award but can be updated by reporting period as needed. Please enter whole numbers only. Total must be equal to 100%.*

Allocation category	Percent of overall program funding
Police agency	
Research partner	
All other partners/agencies

### PLANNING AND UNDERSTANDING THE PROBLEM

This section's purpose is to measure the establishment of sustainable research activities and analysis that PSN task force community agencies have integrated into their strategic and tactical operations.

Overall OJP program measures related to this section include:

- Percentage of PSN sites with completed strategic action plans, and
- Percentage of PSN sites that have completed a problem analysis.

Yes

No

If Yes, skip to question 12.

11. Based on the Strategic Action Plan template, please select the development status of each of the following PSN Strategic Action Plan activities during the reporting period.

Action plan activities	Not applicable	Not started	In progress	Completed
Analyzed most recent violent crime, gun, and gang crime data in the target area, based on Uniform Crime Reporting or other local source(s) information				
Identified the problem and research methods based on specific data elements and analysis				
Utilized the Violence Reduction Assessment Tool				
Identified target areas for the PSN initiative				
Identified goals for the PSN initiative				
Identified an approach (evidence-based, promising, and/or innovative strategies to be employed to address the target problem)				
Established a research design or plan (describing special experience of the research team and how the plan defines a dynamic problem-solving process that will periodically use data analysis)				
Identified community partners/members that will help with implementing the PSN initiative				
Identified collaboration and outreach strategies to accomplish project objectives				
Developed a sustainability plan for the PSN initiative				
Submitted Strategic Action Plan to BJA

12. Did you complete the problem analysis during the reporting period?  
*Problem analysis is an approach/method/process conducted within the police agency in which formal criminal justice theory, research methods, and comprehensive data collection and analysis procedures are used in a systematic way to conduct in-depth examination of, develop informed responses to, and evaluate crime and disorder problems.<sup>1</sup>*

Yes

No

If No, skip Data Tracking and Data Analysis section.

13. In which of the following activities did your research partner assist with the problem analysis during the reporting period? *Select all that apply.*

Provided training and/or technical assistance to agency analysts

Introduced new partners to the working group to assist with problem response

Collected data for the problem analysis

Conducted or assisted in ongoing data analysis

Interpreted analysis results

Provided recommendations on program strategies

Presented analysis results/recommendations to the agency and/or PSN working group partners

Communicated analysis results/recommendations to groups outside of the agency and/or PSN project working group (e.g., local government, community organizations, media)

### DATA TRACKING AND DATA ANALYSIS

Data tracking and analysis are important to assist in targeting responses appropriately. Data tracking and analysis are also used to assure the program is being implemented as planned so the targeted response can be improved if needed. This section asks specific questions about analysis you conducted as part of your PSN program and how you use this analysis in the response/implementation process. Overall OJP program measures related to this section include:

- Percentage of PSN sites performing data analysis, and
- Percentage of PSN sites using certain data.

14. Which of the following groups performed data analysis for the PSN program during the reporting period? *Data analysis includes reviewing data to find information and support decision making. Select all that apply.*

Data was not analyzed this reporting period (skip to question 18)

Sworn employees of the police agency

Civilian employees of the police agency

Research partner

Outside contractor

Community partners

Employees of the prosecutor's office

### TRAINING AND TECHNICAL ASSISTANCE

This section's purpose is to measure training availability on PSN initiatives during reporting periods. This section also focuses on the frequency and quality of training and technical assistance (TTA) provided by BJA-funded training assistance partners. The overall OJP program measures related to this section are:

- Number of personnel trained on methods used for the PSN initiative (gun and gang violence),
- Number of TTA requests during the reporting period, and
- Quality of the TTA interaction during the reporting period.

20. Did PSN task force members receive training during the reporting period?

The PSN task force partnerships (or working groups) are an important component of the PSN program. The task force is defined as personnel within the law enforcement agency, the research partner, and any other external partner(s) who are involved in the project's strategic operations. This group may also include task force subcommittees and any other agency staff who will experience an impact as a result of the PSN program implementation. The task force and other partners should collaborate throughout the PSN program to help with planning and implementation activities.

This section asks questions about your PSN task force and other partnership activity during the reporting period. Overall OJP program measures related to this section include:

- Frequency of PSN task force partnership meetings,
- Number of partners involved in PSN task force partnerships, and
- Number of activities PSN task force is conducting.

### RESPONSE TO PROBLEM

This section addresses activities that specifically focus on a response to a crime, disorder, or other community problem (e.g., mental health problems, community satisfaction, community engagement) as determined by your PSN task force's problem analysis. Overall OJP program measures related to this section include:

- Percentage of PSN sites using a targeted response model based on their problem analysis, and
- Percentage of PSN sites providing direct services as part of the PSN initiative.

28. Does your PSN task force focus efforts around any of the following models? *Check all that apply.*

Community-oriented approach (e.g., community policing, community prosecution)

Problem-solving approach (e.g., problem-oriented policing, prosecutor as problem solver)

Geographic focus (e.g., hot spots policing)

High-rate persons focus (e.g., focused deterrence)

High-rate group/gang focus (e.g., pulling levers)

Procedural justice (ensuring individuals feel law enforcement is fair and just)

### PROGRAM IMPACT

This section's purpose is to measure the impact and organizational integration of the PSN initiative to support gun and gang violence reduction strategies. Overall OJP program measures related to this section include:

- Percentage of PSN sites using data to measure the impact of their PSN initiative, and
- Percentage of sites with a measurable/identifiable addition to their community due to the integration of PSN.

33. Since the beginning of your program, has it demonstrated a measurable impact on the problem of focus? *When answering this question, please consider your comparison areas and/or implementation design and analysis findings to this point. **Please consult with the research partner when answering this question.***

Yes, positive impact

Yes, negative impact

No measurable impact

Not yet been measured

Please explain your response, using data measures, such as percentage and raw-number increases or decreases in gun or gang crime, where possible.

34. What data did you use to support your conclusion about your PSN program's impact?

Official police call, crime, and arrest data (e.g., calls for service, officer-initiated calls for service, crime incident reports, or arrest reports)

Internal agency pre-existing data tracking (e.g., use of force reports, citizen complaints)

Community data (e.g., foreclosures, health and human services data, or other community data)

Corrections data (e.g., probation and parole data)

Prosecution data (e.g., pre-trial data)

Court data (e.g., case outcomes, convictions, sentences)

At-risk persons risk assessments

Focus-group data (e.g., focus groups of community members, officers, or victims)

Survey data (e.g., surveys of community members, officers, clients, or victims)

Systematic observations of places by trained observers (e.g., physical disorder)

Intelligence from confidential or other informants

Youth-focused data (e.g., juvenile justice system data, gang-related data, school data)

NIBIN (National Integrated Ballistics Intelligence Network)
