

THE FBI's NATIONAL MISSING PERSON DNA DATABASE

SUBMISSION GUIDELINES

DNA samples can be submitted to the National Missing Person DNA Database for DNA analysis for any of the following: Missing Persons, Missing Person's biological relatives (maternal relative preferred), and **Unidentified Deceased Persons**.

Either law enforcement agencies or medical examiner's offices may submit DNA samples for unidentified deceased to be analyzed.

To obtain a copy of the FBI's National Missing Person DNA Database submission guidelines, please contact Forensic DNA Examiner Patricia Aagaard with the FBI National Missing Persons DNA Casework Unit at (703) 632-8446.

Any questions regarding case submission or DNA analysis for missing person cases should be directed to:

FBI Forensic DNA Examiner
Patricia Aagaard
DNA Casework Unit
Phone number: (703) 632-8446

Further information can be obtained at:

<https://www.fbi.gov/services/laboratory/biometric-analysis/federal-dna-database>.

Please contact the FBI before submitting samples.
