Florida Department of Law Enforcement

BUSINESSSAFE

FDLE, in partnership with Florida's seven Regional Domestic Security Task Forces, has launched **BUSINESSSAFE** to provide

businesses of all types and sizes with new tools to keep Florida safe. Businesses have the option of registering to receive electronic alert notifications

by email, cellular phones and PDAs. These alerts will provide information about breaking news, possible threats, suspicious activity, and specific preparedness and prevention techniques for your business.

BUSINESSSAFE participants also receive access to a Web-based tool that offers industry specific fact sheets and important safety information.

Once signed up, businesses will be able to register with the United States Department of Homeland Security to access a Web site which will provide vital information on protection from security breaches.

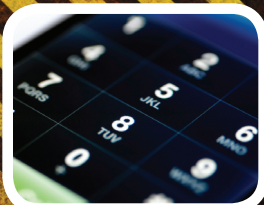

What is the purpose of **BUSINESSSAFE**?

BUSINESSSAFE is designed to arm Florida's businesses with relevant and timely domestic security information to help safeguard assets and protect local communities.

LOG ON NOW!

How can I sign up for **BUSINESSSAFE**?

Log on to:

www.fdle.state.fl.us

Who can sign up for **BUSINESSSAFE**?

Anyone who owns or operates a business in Florida should take part in **BUSINESSSAFE**. Executives, risk management officials, human resource professionals, and security personnel are especially encouraged to sign up.

How much will it cost my business?

There is no cost for individuals or businesses to participate.

How often will I receive alerts?

FDLE will send out electronic alerts when important and timely information is available. Participants can access materials on the **BUSINESSSAFE** Web site at any time.

Who can I contact for more information?
