

FDLE MISSING PERSONS

DNA Control Point Centers for Family Reference Sample DNA Kits

The law enforcement agencies listed below are participating in a statewide effort to facilitate the distribution of Family Reference Sample DNA kits to law enforcement agencies throughout Florida to reduce mailing costs and encourage compliance with Florida Statute 937.021 (6), which states that "law enforcement agencies will attempt to collect DNA samples for missing persons over 90 days."

From the chart below, please contact the law enforcement officer nearest you to order Family Reference Sample DNA Kits. These kits are from the University of North Texas Center for Human Identification (UNT CHI) and approved by the U.S. Department of Justice to be utilized for appropriate biological specimens for DNA processing.

- Please use one DNA kit per family member.
- The DNA Consent form must be witnessed by a law enforcement officer.
- These buccal (or cheek) swab kits are available at no cost from the UNT CHI.

If you have any questions regarding DNA collection and submission, please contact Government Analysts Dinah Johnson or Melissa Redshaw at the Missing Endangered Persons Information Clearinghouse at 1-888-356-4774 or the UNT CHI at 1-800-763-3147.
