FROM : Agency Inspector M. Deane “DINO” – P.C.S.O.

As per our earlier conversation, please R & R the internal battery (‘s). I’m not sure if there is one or two.
Instrument # 1273 is not keeping date and time very well when turned off.

Thank you in advance for your expertise in handling this matter. Dino :)

(p.s. – could you send me a couple of mouth alcohol solutions) thanks
