To whom it may concern,

Please see the attached files for the Lakeland Police Department's monthly Intoxilyzer Inspections for August 2018.

On August 20, 2018 two separate inspections were completed on LPD's Intoxilyzers. Due to a cracked simulator jar, Intoxilyzer 80-005810 and 80-001057 had low readings for the .08 alcohol reference solution (1<sup>st</sup> Inspection). The glass simulator jar was replaced and with approval from Mrs. Danielle Bell (FDLE), All four Intoxilyzers were re-inspected and passed inspection (2<sup>nd</sup> Inspection).

Please contact me with any questions or concerns.

Respectfully,

*Gordon L. Franz, MS*
