Subject: Instrument 1071

Good afternoon Dr. Kirkland,
Sgt. Harwood conducted the January inspection and Instrument 1071 failed due to a pump failure, Also we are still having issues with our telephone line for upload.
Instrument 1071 will need to be uploaded if you could email the inspection result for signature and records.

I also conducted the Feb Inspections for instruments 6037,1046,1043 today. Could you confirm that you have the uploaded information for these instruments. I had numerous failures midstream during uploading.

Any Issues please contact me direct 904-529-5922.
Thank You.
