I spoke with the Chief who stated that he would take care of what you need to get this done. Can you please specify what he needs to put in the letter for you so we can get it done.

Good Afternoon,

We spoke last year in December about you wishing to de-register your instrument that is mentioned above. We never received a confirmation from your agency indicating officially that you desired to de-register this instrument. I am following up with you about this as we need it in writing that you wish to deregister the instrument. If you still wish to de-register this instrument [please reply to this email stating so for our records](#) and we will get this done.

Thank you,

Richard Williams
