|                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |                                                |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |            | 15<br>13:07:19<br>Admin Review / Date                                                                                                                                                                                                                                                                                                                                                           |                                                                                                                                                                                                                                                                                                                                                                                                            |          |             |       |        |                       |       |        |                       |       |        |                       |           |           |                          |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |  |       |             |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |    |                                              |                                             |                                                |                                                        |                                           |                                                             |                                                                                                                                                                                                                                                                                                               |                                                 |                                      |                                      |               |       |        |             |        |       |        |       |        |       |        |       |  |  |

# Florida Department of Law Enforcement Alcohol Testing Program

## DEPARTMENT INSPECTION REPORT - INTOXILYZER 8000

Agency: MELBOURNE P.D.  
Time of Inspection: 10:17

Date of Inspection: 08/12/2022

Serial Number: 80-001262  
Software: 8100.27

# Calibration Certificate

Florida Department of Law Enforcement  
Alcohol Testing Program  
2331 Phillips Road.  
Suite B1032  
Tallahassee, FL 32308

This is to certify the calibration of Intoxilyzer 8000 serial number 80-001262, manufactured by CMI, Inc. was calibrated in accordance with FDLE/ATP Form 36 - Department Inspection Procedures - Intoxilyzer 8000.

|                   |                       |                                |       |
|-------------------|-----------------------|--------------------------------|-------|
| Serial Number:    | <u>80-001262</u>      | UNCERTAINTY* $\pm$             |       |
| Owning Agency:    | <u>MELBOURNE P.D.</u> | 0.050 g/ 210 L                 | 0.004 |
| Calibration Date: | <u>08/12/2022</u>     | 0.080 g/ 210 L                 | 0.004 |
| Calibration Time: | <u>10:17</u>          | 0.200 g/ 210 L                 | 0.007 |
|                   |                       | 0.080 g/ 210 L Dry Gas Control | 0.005 |

All results are reported in g/ 210 L.

Bias is limited by calibration acceptance criteria. All calibration results must be within  $\pm 0.005$  or 5%, whichever is greater, of the target alcohol concentration.  
\*Uncertainty is based on fleet-wide data and is expressed to a 99.73% level of confidence ( $k=3$ ).

The instrument results before and after any adjustment are found in the associated pre and post stability checks.

## TRACEABILITY INFORMATION

This instrument was calibrated using solutions prepared by Alcohol Countermeasure Systems, Inc. (ACS). ACS prepared and certified these CRMs in accordance with ISO 17034 and ISO/ IEC 17025 Standards.

Simulator temperatures are traceable to NIST. Simulator temperatures are checked with NIST traceable digital thermometers calibrated by Precision Metrology in accordance with ISO/ IEC 17025 standards.

Dry gas control measurements are traceable to NIST through the use of CRMs supplied by an accredited CRM supplier. The supplier of dry gas standard controls prepared and certified the CRMs in accordance with ISO Guide 34 and ISO/ IEC 17025 standards.  
This document shall not be reproduced except in full, without written approval of the Florida Department of Law Enforcement Alcohol Testing Program.
