12 October 2020

Re: FDLE ATP

I am requesting custody of the Intoxilyzer 8000 series Instrument, number 80-000887 be transferred to Florida Highway Patrol, Troop A, Panama City. We will provide the five (5) simulators, an external printer, and our remaining solution(s) to ensure FHP's AI can continue to conduct monthly inspections on the Instrument. There is also a lockable rolling cabinet available.

The Instrument is currently registered to Chattahoochee Police Department through FDLE ATP, Tallahassee. It is due for the yearly Department Inspection. A monthly Agency Inspection was not completed in September. The Instrument is in operational condition, but currently not in compliance.

Respectfully,

FC O'Brian, Chief of Police

Chattahoochee Police Department
