

CRIME IN FLORIDA ABSTRACT

January - December 2021

The statistics presented in this release are an indication of crime and criminal activities known to, and reported by, law enforcement agencies for 2021. This report reflects data residing in the UCR database as of July 14, 2022.

2021 totals are estimates derived from submissions of summary data from 239 agencies, representing 57.5% of Florida's population. The data was used to determine a statewide aggregate, compared to 2020 annual figures to determine statewide trends for each UCR measure. This is consistent with the FBI's methodology for estimating a complete view of UCR data.

This data does not include data derived from agencies participating only in incident-based submissions or agencies that were transitioning to incident-based reporting.
