

Roosevelt Sawyer, Jr., Chief Information Officer, Office of the State Courts Administrator

Roosevelt Sawyer, Jr. joined the Office of the State Courts Administrator (OSCA) in June 2016. As the Chief Information Officer (CIO), he is responsible for leading the OSCA's technology strategy and managing overall IT operations and customer service.

Mr. Sawyer has more than 20 years of experience in information technology in both the private and public sectors. Mr. Sawyer has served in the United States Marine Corps, and he holds a Bachelor of Science degree in Management Information Systems from the Florida State University. Prior to joining the OSCA, Mr. Sawyer was the Deputy CIO at the Department of Financial Services where he managed all aspects of IT operations. In the private sector, Mr. Sawyer was an IT consultant with experience as an Enterprise Architect and Technical Team Lead implementing large scale enterprise resource planning customer solutions across multiple business industries. He has significant experience in managed application and hosting services, IT security, project management and application development, among other disciplines in the IT field. Mr. Sawyer emphasizes the business of technology services that are flexible, adaptable and responsive to enhance the customer experience.
