

**CRIMINAL AND JUVENILE JUSTICE INFORMATION SYSTEMS (CJJIS)
COUNCIL**

MINUTES OF CONFERENCE CALL

Tuesday, March 30, 1999

The meeting was conducted at 10:30 via conference call with the following FDLE staff and CJJIS members:

Members Present:

Chairman Ken Palmer, State Courts Administrator
Randy Esser, Designee for Executive Director Fred Dickinson III, Department of Highway Safety and Motor Vehicles
Harry Dodd, Designee for Secretary Michael W. Moore, Department of Corrections
Elaine Bryant, Designee for Secretary Bill Bankhead, Department of Juvenile Justice
Donna Uzzell, until Daryl McLaughlin, Assistant Commissioner, Department of Law Enforcement was able to join the call

FDLE:

Jean Itzin, Florida Department of Law Enforcement
Tom Watkins, Florida Department of Law Enforcement
Becky Panebianco, Florida Department of Law Enforcement

The conference call was conducted for the purpose of discussing the two pending non-commercial CJNet applications that had been reviewed by the telecommunications workgroup and recommended for approval. The first application was sponsored by the Brevard County Sheriff's Office and involved a records and jail management system referred to as BULLET. There was discussion about the use of the CJNet for what appeared to be exclusively an intra-county function and whether the CJNet is the proper vehicle for establishing this type of connectivity. Further discussion with Brevard County personnel established that this was not the case with BULLET. The BULLET application sponsored by Brevard County Sheriff's Office was approved.

The Florida Department of Law Enforcement sponsored the second application, which is referred to as the AFIS latent Fingerprint Statistics. This system maintains AFIS/Latent hits statistics for all AFIS network participating members. This application was approved.

The conference call ended at approximately 11:00 a.m.
