The Florida Department of Law Enforcement (FDLE), Office of Criminal Justice Grants (OCJG) is seeking applications for the state's Residential Substance Abuse Treatment (RSAT) Grant Program. This program funds state and local jail and prison-based programs designed to reduce the demand for, use, and trafficking of illegal drugs with the goal of breaking the cycle of drug addiction and violence.

Eligible applicants are limited to state agencies and units of local government. A unit of local government is defined as a city, county, town, township, borough, parish, village, or other general-purpose political subdivision of the state, including Native American Tribes who perform law enforcement functions as determined by the Secretary of the Interior.

Florida gives preference to applicants who provide aftercare services to program participants. To become certified, the law enforcement agency must meet two mandatory conditions: (1) the agency's use of force policies adhere to all applicable federal, state, and local laws; and (2) the agency's use of force policies prohibit chokeholds except in situations where use of deadly force is allowed by law. The certification requirement also applies to law enforcement agencies receiving DOJ discretionary grant funding through a subaward. Program Description

The Florida Department of Law Enforcement (FDLE) received an award from the United States Department of Justice (USDJOJ) for the Residential Substance Abuse Treatment (RSAT) Grant. FDLE will distribute \$2,380,334 in funding under the Residential Substance Abuse Treatment for State Prisoners Program. This program furthers FDLE's mission by assisting state, local and tribal efforts to increase access to evidence-based prevention and substance use disorder treatment and reduce overdose deaths.

This Solicitation seeks subrecipient applications for activities as they relate to three types of evidence-based drug treatment programs within state and local correctional and detention facilities: 1) Residential, 2) Jail-based treatment, or 3) Aftercare.

A minimum of ten percent (10%) of this funding will be made available to eligible local correctional and detention facilities.

Length of Award and Distribution of Funds

Length of the Award

RSAT awards will be approved for a twelve (12) month project period between October 1, 2024 and September 30, 2026.

Distribution of Funds

Grant funds are distributed on a cost reimbursement basis, with the ability to advance, for satisfactory performance of eligible activities. Payment requests can be submitted on a monthly or quarterly basis and should include total expenditures for the reporting period. Reimbursements will be processed in conjunction with the receipt and review of programmatic performance reports to determine successful completion of minimum performance deliverables as specified in the agreement.

Program Strategy and Purposes

FDLE administers the RSAT federal pass-through grant program for the State of Florida. The RSAT program (34 U.S.C. §10424) assists state and local governments in developing and implementing substance abuse treatment programs.

Applications for RSAT funding must implement or continue to require urinalysis or other reliable forms of drug testing, both periodic and random, for any participant: (1) before entering the residential substance abuse treatment program; (2) during the period in the treatment program; and (3) released from a residential substance abuse treatment program if the individual remains in custody.

All RSAT programs must provide services in a completely separate facility or dedicated housing unit exclusively for use by RSAT participants which is set apart from the general correctional population.

The following types of programs are eligible for funding:

- Providing residential substance abuse treatment to incarcerated inmates;
- Preparing participants for reintegration through reentry planning activities within treatment programs; and/or
- Assisting offenders and their communities through the delivery of community reintegration, treatment, and other broad-based aftercare services.

Residential Programs: Applicants must ensure that individuals who participate in a grant funded substance abuse treatment program are provided services including:

- Engaging participants for a period between six (6) and twelve (12) months;
- Focusing on the inmate's substance use diagnosis and addiction related needs;
- Developing the inmate's cognitive, behavioral, social, vocational, and other skills to solve substance

- abuse and related problems; and
- Requiring urinalysis and/or other proven reliable forms of drug and alcohol testing for program participants, including both periodic and random testing, and for former participants while they remain in the custody of the state or local government.

RSAT participation should be limited to inmates with six (6) to twelve (12) months remaining in their confinement so they can be released from prison after completing the program, rather than returning to the general prison population.

Jail-based Programs: Applicants must ensure individuals who participate in a grant funded substance abuse treatment program are provided services including:

- Engaging participants for at least three (3) months;
- Focusing on the participant's substance use diagnosis and addiction related needs;
- Developing the inmate's cognitive, behavioral, social, vocational, and other skills to solve substance abuse and related problems; and
- Requiring urinalysis and/or other proven reliable forms of drug and alcohol testing for program participants, including both periodic and random testing, and for former participants while they remain in the custody of the state or local government.

Applicants must ensure that individuals who participate in a grant funded substance abuse treatment program are provided with community reintegration services. Services must include coordination between the correctional treatment program and other social service and rehabilitation programs, such as:

- Education and job training;
- Parole supervision;
- Halfway houses; and/or
- Self-help and peer group programs.

Priority Areas for Funding

Evidence-Based Programs or Practices

The Office of Justice Programs (OJP) places a strong emphasis on the use of data and evidence in policy making and program development in criminal justice. Programs and practices are considered to be evidenced-based when their effectiveness has been demonstrated by causal evidence, generally obtained through one or more outcome evaluations. Causal evidence documents a relationship between an activity or intervention (including technology) and its intended outcome. Causal evidence depends on the use of scientific methods to rule out, to the extent possible, alternative explanations for the documented change. The strength of causal evidence will influence the degree to which OJP considers a program or practice to be evidence-based.

Applicants are required to provide substance use treatment practices and services which are evidence based and are appropriate for the target population. Applicants should identify the evidence-based practice being proposed for implementation, identify and discuss the evidence that shows that the practice is effective, discuss the population(s) for which this practice has been shown to be effective, and show that it is appropriate for the proposed target population. Applicants can find information on evidence-based treatment practices in SAMHSA's *Evidence-Based Practices Resource Center* available at <https://www.samhsa.gov/resource-search/ebp>.

Information Regarding Potential Evaluation of Programs and Activities

Applicants should note OJP may conduct or support an evaluation of the programs and activities funded under this solicitation. Subrecipients will be expected to cooperate with program-related assessments or evaluation efforts, including the collection and provision of information or data requested by OJP (or its designee) for the assessment or evaluation of any activities and/or outcomes of those activities funded under this solicitation. The information or data requested may be in addition to any other financial or performance data already required under this program.

Opioid Abuse Reduction

The applicant understands and agrees that, to the extent that substance abuse and related services are funded by this award, they will include needed treatment and services to address opioid abuse reduction.

Community-Based Aftercare Programs

These programs must involve coordination between the correctional treatment program and other social service and rehabilitation programs, such as enrollment assistance for health care coverage, coordinating assistance to receive Medication Assisted Treatment (MAT), education and job training, parole supervision, halfway houses, self-help, and peer group programs.

Eligibility Requirements

Applicants must comply with all terms and conditions of the federal award and subaward, including those incorporated by reference. This section identifies specific program requirements that must be met as a condition of eligibility to receive federal funds under this program.

Each applicant must be able to document compliance with the following requirements:

[2 C.F.R. Part 25](#) *Universal Identifier and System for Award Management (SAM) Requirements*

If the applicant is found to be in violation of an applicable federal law by the OIG, the applicant may be subject to criminal and civil penalties, in addition to relevant OJP programmatic penalties, including suspension or termination of funds, inclusion on the high-risk list, repayment of expended funds, and/or suspension and debarment.

Prohibited Expenditures

No funds under this grant award (including via subcontract or subaward, at any tier) may be used for unmanned aircraft systems (UAS), which includes unmanned aircraft vehicles (UAV), or for any accompanying accessories to support UAS.

Match

Subawards under this program may not be used to fund more than 75 percent of the total cost of a project or program. Applicants must identify the source of the 25 percent non-federal portion of the total project costs (match). The formula for calculating match is:

$$\frac{\text{Federal Funding Amount}}{\text{Federal Share (75\%)}} = \text{Adjusted Total Project Costs}$$

$$\text{Adjusted Total Project Costs} \times 25\% = \text{Amount of Match Required}$$

Example: For a subaward amount of \$125,000, calculate the 25% match as follows:

$$\frac{\$125,000}{75\%} = \$166,666.67$$

$$\$166,666.67 \times 25\% = \$41,666.67$$

Costs Requiring Pre-Approval

The following cost elements require prior approval from FDLE and/or OJP:

Publications and Other Media

All media created, published, and/or altered using federal grant funds must be reviewed and approved by FDLE and/or OJP prior to release or distribution. This includes any curricula, training materials, brochures, or other written materials to be published, including web-based materials and web site content, as well as all audio or video materials, including Public Service Announcements. Subgrantees must submit a draft of each proposed item to OCJG **no later than thirty (30) days prior** to the targeted dissemination date. For items containing videos, a transcript may be provided with screenshots or a description of the visual portion.

All materials publicizing or resulting from award activities shall contain the following statements:

"This project was supported by Award No. 15PBJA-23-GG-01509-RSAT awarded by the Bureau of Justice Assistance, Office of Justice programs. The opinions, findings, and conclusions or recommendations expressed in this publication/program/exhibition are those of the authors and do not necessarily reflect the views of the Department of Justice or grant-making component."

This requirement does not apply to the purchase or reproduction of existing materials or items created by other agencies or vendors; for example, crime prevention brochures, unless the subrecipient alters the item in any way. Please contact FDLE's grant's office with questions or to clarify the applicability of pre-approval requirements.

Websites

Any Web site that is funded in whole or in part under this award must include the following statement on the home page, on all major entry pages (i.e., pages (exclusive of documents) whose primary purpose is to navigate the user to interior content), and on any pages from which a visitor may access or use a Web-based service, including any pages that provide results or outputs from the service:

"This Web site is funded in whole or in part through a grant from the Bureau of Justice Assistance, Office of Justice Programs, U.S. Department of Justice. Neither the U.S. Department of Justice nor any of its components operate, control, are responsible for, or necessarily endorse, this Web site (including, without limitation, its content, technical infrastructure, and policies, and any services or tools provided)."

The full text of the foregoing statement must be clearly visible on the home page. On other pages, the statement may be included through a link, entitled "Notice of Federal Funding and Federal Disclaimer," to the full text of the statement.

Sole Source

If a subrecipient requests to procure goods or services by sole source to a single vendor, a sole source justification must be submitted to FDLE for approval prior to the obligation of grant funds. For a sole source procurement over the federal Standard Acquisition Threshold (SAT) of \$250,000, written pre-approval must be obtained from both FDLE and DOJ. Subrecipients should submit the completed [Sole Source Justification](#) form with the application, or as soon as the procurement method is known.

Sole source approval applies to the amount of the total procurement, regardless of the amount of federal investment in the purchase. Before submitting a request for a sole source procurement, applicants should carefully review the conditions governing this type of procurement (see [2 C.F.R. §200.320\(c\)](#)).

Conference/Meeting/Training Costs

OJP policy and guidance encourages minimizing conference, meeting, and training costs; sets cost limits, which include a general prohibition of all food and beverage costs; and requires prior written approval of most conference, meeting, and training expenditures. Subawards requesting to use grant funds for meetings, trainings, or conferences may be required to complete and submit an OJP event submission form upon request from FDLE and/or OJP.

Project Adjustments

Retroactive (after-the-fact) approval of project adjustments or items not currently in the approved subaward will only be considered under extenuating circumstances. Subrecipients who incur costs prior to approval of requested adjustments do so at the risk of the items being ineligible for reimbursement under the award.

RSAT Program and Additional Requirements

For FY23, subrecipients will be required to complete the following documents at the time of application; failure to do so may result in the withholding of funds until items are received.

Subaward Management Questionnaire (SMQ)

All applicants are required to complete the [Subaward Management Questionnaire \(SMQ\)](#). FDLE uses this form to validate a subrecipient's eligibility to apply for, receive, and maintain a federal RSAT subaward. Additionally, this validation will allow FDLE to expedite the monitoring process and ensure all subrecipients are in compliance with program requirements. Applicants must submit a Subaward Management Questionnaire (SMQ) to FDLE with their application.

Certification Regarding Lobbying, Debarment, and Drug Free Workplace Requirements

Subrecipients are not permitted to use federal funds, directly or indirectly, in support of any lobbying activity. A subrecipient requesting an award exceeding \$100,000 must certify compliance with this requirement.

Additionally, a person/agency that is debarred, suspended, declared ineligible or is voluntarily excluded from doing business with the federal government is prohibited from receiving federal funds under this program. All subrecipients must certify the subgrantee organization, and any vendor or lower tiered subrecipient, is eligible to receive these funds.

In compliance with the Drug-Free Workplace Act of 1988, state agencies applying for federal grant funding under this program must certify compliance with establishing and maintaining a drug-free work environment.

Failure to submit the ["Lobbying, Debarment, and Drug Free Workplace Certification"](#) to FDLE with the application will result in a withholding of funds condition on the subaward until the requirement is satisfied.

Contractual Services Subrecipient vs. Contractor Determination

Subrecipients utilizing funds in the Contractual Services budget category must adhere to the subcontracting requirements below. All subrecipients should review the ["OJP Subaward vs. Procurement Toolkit"](#) for information regarding the two types of subcontracting.

1. Any applicant using grant funds in the Contractual Services budget category must complete and submit a ["Third-Party Determination Checklist"](#) for each contracted services item to FDLE with the application.

2. The application must contain detailed information regarding the type of subcontracting (subrecipient or contractor) and the method of procurement for the subcontract.
3. An applicant proposing to enter into a subrecipient contracting relationship must request approval to subaward in the grant application and be able to adhere to and document compliance with requirements and provisions for pass-through entities in [2 C.F.R. §200.332](#).
4. Applicants entering into a contractor relationship must adhere to the local unit of government's written procurement policies and procedures to the extent they are consistent with or more stringent than the procurement standards outlined in [2 C.F.R. § 200.318-327](#).

Subrecipient Civil Rights Training

In compliance with Office of Justice Programs (OJP) requirements, FDLE requires the recipient grant manager of its grants to complete a two-part Civil Rights Training and maintain copies of the training certificates within their grant file(s) for monitoring. Module 1 of the training provides a basic overview of the Office of Civil Rights (OCR) and discusses the civil rights compliance requirements for recipients (at any tier) of OJP Grant Funding. Module 2 discusses "special" civil rights related compliance requirements in addition to the ones described in Module 1. To complete these trainings, visit the [OCJG Civil Rights Training for Grantees](#) webpage.

Determination of Suitability to Interact with Participating Minors

Subrecipients, at any tier, who plan to use federal funds to partially or fully carry out activities under this award to benefit a set of individuals under 18 years of age must make determinations of suitability before certain individuals may interact with participating minors. Further information regarding this requirement is located on the OJP website <https://www.ojp.gov/funding/explore/interact-minors>.

1. Any applicant using grant funds to benefit a set of individuals under 18 years of age must complete and submit the "[Suitability to Work and/or Interact with Minors Certification](#)."
2. Subrecipients must maintain and submit the "[Suitability to Work and/or Interact with Minors Tracking Sheet](#)."

Telecommunications and Video Surveillance Services or Equipment

In compliance with 2 C.F.R. 200.214, subrecipients are prohibited from entering into a contract or using federal funds to procure items from certain parties who are debarred, suspended or otherwise excluded from or ineligible for participation in federal assistance programs or activities. In addition, a prohibition on certain telecommunication and video surveillance services or equipment went into effect on August 13, 2020. In accordance with these requirements set out in 2 C.F.R. 200.216, subrecipients are prohibited from obligating funds to:

- A. Procure or obtain;
- B. Extend or renew a contract or procure or obtain;
- C. Enter into a contract to procure or obtain equipment, services, or systems that use telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system, produced by Huawei Technologies Company or ZTE Corporation (or a subsidiary or affiliate of such entities).

Applicants who intend to use grant funds to procure telecommunications, video surveillance services, or equipment must:

1. Complete and submit the "[Telecommunications and Video Surveillance Services or Equipment Certification](#)."
2. Provide documentation the manufacturer and vendor has not been suspended or debarred from receiving federal funds in [SAM.gov](#) prior to the drawdown of funds.

Employment Eligibility Verification: For any position to be funded (in whole or in part) with RSAT funds, the subrecipient must ensure the employment eligibility of the individual being hired is properly verified in accordance with the provisions of 8 U.S.C. 1324a(a)(1) and (2). The subrecipient may choose to participate in and use E-Verify (www.e-verify.gov).

State and Federal Transparency

Subaward agreements and information supplied to FDLE for grant management and payment purposes will be used to report to the following mandatory state and federal transparency systems.

Florida Accountability and Contract Tracking System (FACTS)

This grant agreement, all corresponding information and a copy of the grant document, is provided to FACTS to meet requirements under Chapter 2013-54 and 2013-154 Laws of Florida.

Exemption from FACTS
