**FY2021 – 2022**

**Fiscal Year 2021-2022**

**FIBRS Implementation Assistance Program, Second Opportunity:  
Support for Local Law Enforcement Agencies  
Applications Due: November 30, 2021**

The Florida Department of Law Enforcement (FDLE) received authority to administer an estimated \$6 million to Florida law enforcement agencies to assist in the financial burden of transitioning to the technological requirements of the Florida Incident Based Reporting Project. After the initial applications were received, an estimated \$3 million remains. The new deadline to apply is November 30, 2021.

Funds under this program may be used for activities related to implementing incident-based reporting at your agency. Examples include, but are not limited to:

- Overtime for project staff;
- Equipment or supplies required for system upgrades;
- Training; and/or
- Procurement contracts for services such as data migration, system configuration, and/or consulting.

### **Instructions**

The completed application packet must be emailed to [CJISfunding@fdle.state.fl.us](mailto:CJISfunding@fdle.state.fl.us) by November 30, 2021 to be considered for funding. Applications will be reviewed and scored using the evaluation tool located as Appendix B in the application packet. After the deadline, awards for this second opportunity will be determined.

### **Eligibility**

FDLE welcomes applications from any Florida law enforcement agency, applications from third-party entities supporting the transition of eligible agencies, and multiple entity applications.

Note: Special consideration may be given to applications from agencies not already submitting FIBRS or Use-of-Force data; from multiple agencies or an entity representing multiple agencies; and for agencies transitioning to the Statewide RMS system (SWRMS).

## **Project Period**

Grants are awarded for the state fiscal year period, beginning July 1, 2021 and ending June 30, 2022. These awards cannot be extended. Any unused funds after June 30, 2022 will be reverted to the state. Extension of awards is contingent upon legislative approval for continuation of program funding into the next state fiscal year.

## **State Transparency**

Section 215.985, F.S., makes the Department of Financial Services (DFS) responsible for the development and maintenance of a contract reporting system, the Florida Accountability Contract Tracking System (FACTS). State law requires all agreements (contracts, purchase orders and grants for state or federal financial assistance) to be entered in this transparency system and made available for public access.

FDLE provides all state financial assistance grant agreements to the Florida Accountability and Contract Tracking (FACTS) system, including original contract and amendment document images and payment information. Agreements containing information statutorily exempt from public records could qualify for partial or complete exemption from FACTS. Please contact CJIS for additional information, to determine whether an agreement would be exempt, and to obtain instructions on the requirements for requesting an exemption.

## **Reporting Requirements**

### Performance

Performance reports must be submitted within **15 days** of the end of each month. Failure to submit reports by the deadline will delay reimbursement of funds.

### Financial

Financial reports are due monthly within **30 days** after the end of each month. The final financial report is due by Thursday, July 30, 2022. Final reconciliation and closeout of the agreement must be completed by both parties within forty-five (45) days of the end of the grant period.

## **Payments**

Grant funds are distributed on a cost-reimbursement basis for eligible activities. The final approved grant agreement details all invoicing and documentation requirements. The recipient shall provide a monthly claim report to FDLE detailing all grant related expenditures. The claim reports serve as the request for payment. Only expenditures in the approved grant budget may be paid from the agreement.

Payments are processed in conjunction with the receipt and review of programmatic performance reports and supporting documentation. Additionally, the request and any corresponding supporting documentation must evidence the completion of all tasks required to be performed for the associated deliverable, including minimum performance standards established in the agreement.

### **Monitoring**

Recipients of FDLE grant funds are required to establish and maintain effective internal control over the award that provides reasonable assurance the recipient is managing the award in compliance with statutes, regulations, and the terms and conditions of the grant agreement. The recipient must maintain effective control over all funds, property, and assets, and assure they are used solely for authorized purposes.

## FY2021 FIBRS Implementation Assistance Application

### Part IV: Performance

As a recipient of state funding, subgrantees must report specific data to FDLE on a monthly basis as indicated in the final subgrant agreement. **Failure to submit the performance report by the deadline will result in a withholding of funds on the subaward.** Data to be collected may include, but not be limited to:

- Amount of funding spent on each activity during the reporting period.
- Number of overtime hours used during the reporting period (if applicable).
- Amount of equipment and/or supplies purchased with funding (if applicable).
- Amount of test transactions submitted.
- Number of trainings conducted, including dates and amount of attendees (if applicable)

By checking this box, applicant acknowledges the monthly performance reporting requirement.

### Part V: Grant Contacts and Officials

Applicants for FIBRS funding must identify key officials in order to approve a subaward contract.
