

Resolution # 25-002

FSS 908.132(4)e requires the State Immigration Enforcement Council to provide recommendations on the financial resources necessary to aid local law enforcement agencies, and any other resources necessary to facilitate the training of such agencies, in the cooperation and coordination with Federal Government in the enforcement of federal immigration laws.

FSS 908.132(4)(f) requires the State Immigration Enforcement Council to provide recommendations to enhance information sharing between state entities, local governmental entities, law enforcement agencies, and the Federal Government in the enforcement of federal immigration laws within the state.

FSS 908.1031(3)(e) requires the State Board of Immigration Enforcement to collect data related to operations with the United States Immigration and Customs Enforcement from law enforcement agencies and, by December 15 of each year, submit a report to the President of the Senate and the Speaker of the House of Representatives. The report may contain recommendations to the Legislature to improve the state's cooperation and coordination with the Federal Government in the enforcement of federal immigration laws within this state.

FSS 908.1031(4)(h) states that the State Immigration Enforcement Council shall, upon unanimous approval of the State Board of Immigration Enforcement, assist in the collection of data from law enforcement agencies as required under FSS 908.1031(3)(e).

Therefore, the State Immigration Enforcement Council recommends to the State Board of Immigration Enforcement to adopt the following data collection set to be collected by each law enforcement agency in Florida and be included in some form in the annual report described in FSS 908.1031(3)(e)). The data shall be compiled from interactions by law enforcement officers during the normal course of performing their official duties with those who appear to be in the United States illegally and therefore are in violation of the Immigration and Nationality Act (INA, 8 U.S.C.).

This information/data shall be reviewed and approved by law enforcement agency supervision, collected by the agency, and submitted to the Florida Department of Law Enforcement in a mutually agreed to electronic format by the 5th day of each month documenting the previous month's activity.
