## **MEMORANDUM**

DATE: August 15, 2025

TO: Persons Requesting the Sexual Predator/Offender Secure Data File

FROM: Heather Faulkner, Chief of Policy Development & Planning  
Offender Registry Services Bureau  
Florida Department of Law Enforcement

SUBJECT: Florida's Registered Sexual Predator/Offender Secure Data File

The Florida Department of Law Enforcement (FDLE) makes available a listing of Florida's registered sexual predators and offenders via a direct electronic transfer process. Requestors can generate a file of sexual predators/offenders by county, multiple counties, or the entire list manually or create an electronic process to extract this list. Please note that information regarding sexual predators/offenders is amended in the FDLE registry system on a continuous basis as needed for accuracy, currency, and completeness. These amendments update FDLE's Florida Sexual Offender/Predator Public Registry website on a real-time basis. This listing, particularly with reference to addresses and named individuals, is updated every four hours and is consequently obsolete as soon as the file is generated.

*FDLE strongly recommends that the following warnings be included on any subsequent dissemination of the information:*

- 1) Positive identification cannot be made without a fingerprint comparison; and**
- 2) This information is provided as a service for the public's benefit and may not be used in the perpetration of any criminal act or harassment against these individuals.**

The following URLs will allow a user to create an automatic download of the secure data file for either a specific county or the whole file. Within the URLs below, users should replace EMAIL with a valid email address and COUNTY with the specific county to download:
