During this period, Director Brown established effective interaction and comradery between the training center directors, Commission staff, and the Commission. Director Brown was a dedicated and professional leader to his division members, the Commission, and the criminal justice center directors, and made significant contributions to the development of Florida's criminal justice standards and training programs. The Commission commends Director Brown for the leadership he provided during his tenure with the Criminal Justice Professionalism, Standards and Training Services Division and wishes him well in future endeavors.

The second resolution was read for Government Operations Consultant III Craig O'Connell. #### TRAINING CENTER DIRECTORS' ASSOCIATION REMARKS

TCDA Chairman Rick Davis, Director of the North Florida College, Public Safety Academy provided the following report from the August 5, 2026, business meeting.

**Introduction of New Directors** – Chairman Davis welcomed and introduced two (2) new training center directors: Director Michele Yown from the Department of Financial Services Criminal Investigations Division Training Center; and Director Alain Sanchez from the Miami-Dade Sheriff's Training Center.

**TCDA Updates** – Long guns and the vehicle ops courses are still in the validation process. The list of SMEs for the optics course has been received, and the selection process for the committee is underway. Once the SME list has been finalized, the curriculum development for the course will begin and be presented to the commission for approval.

**FEMA Courses** – Chairman Davis discussed the previous conversations regarding the government shutdowns, which has created an issue in training related to critical incidents and the requirements for FEMA courses. Initially, the solution was to work with the FDEM to develop those training courses within the state, rather than relying on FEMA, however, this has changed.

In the event of another government shutdown or if the FEMA websites are not operational, training centers would be able to take advantage of the courses offered by the FDEM, but it may require another rule-waiver coming back to the Commission.

The current recommendation would involve removing the online course component from the curriculum but leaving the content of the FEMA ICS training in the curriculum and recruits will no longer go online to take the courses in the academy. This will revert responsibility back to the agency like when an EOT is hired they must fulfill the FEMA requirements. Director Davis also stated that staff will be reaching out to FSA and FPCA for their input on the ICS training.

Chairman Ford acknowledged that the Training Center Directors Association and the training center directors are the driving force and commended them for their work on behalf of the criminal justice community in preparing officers and deputies to perform their duties which calls for intensive training. Additionally, he also asked staff to reach out to state law enforcement agencies to start discussion on the issue of ICS training.

#### **AGENDA ITEM 1: CRIMINAL JUSTICE PROFESSIONALISM, STANDARDS AND TRAINING SERVICES UPDATES**

Director Chad Brown of the Criminal Justice Professionalism, Standards and Training Services Division (CJPSTS) gave an update on Division and legislative initiatives.

**Trust Fund Update:** Director Brown provided a report regarding the Criminal Justice Standards and Training Trust Fund revenues. The Fiscal Year 2026-2027 operating budget is \$19.4 million. Trust Fund revenues were up 12.4% more than \$1 million over the 2025-2026 Fiscal Year for court costs and traffic infractions. New school speed zone infractions generated \$2.8 million in trust fund revenues in Fiscal Year 2025-2026. The cash balance on June 30, 2026 was \$11.95 million. \$6.44 million will be disbursed for the 2026-2027 fiscal year.

**Lethality Assessment Training:** The third release of the technical memorandum regarding the one-time mandatory lethality assessment training for all law enforcement officers by October 1, 2026 will be re-released. Legislation passed in 2024 requiring all law enforcement officers to complete the one-time training by October 1, 2026. Officers who fail to meet this deadline will be classified as inactive. This law further requires each agency to submit a written certification of compliance to FDLE by November 1, 2026. As of July 20, 2026, FDLE acquired compliance certifications from 107 agencies. FDLE is required to report any agency that is not in compliance to the governor, the senate president, and the speaker of the house by the end of the year.

**CJPSTS Division Update:** Director Brown introduced Somi Akter as a new case specialist for the Criminal Justice Professionalism, Standards and Training Services Division.

### Officer Training: Basic Recruit Training Programs for Special Operations Forces

#### ISSUES 1-3

This agenda item is presented to the Commission to request approval of the updated basic recruit training programs for special operations forces.

#### EXECUTIVE SUMMARY

1. Under s. 943.10, F.S., certain special operations forces members can receive credit toward criminal justice certification based on their military service. Members who served for a minimum of 5 years and have no more than a 4-year break in special operations forces experience can apply for exemption from basic recruit training. The employing agency, training center, or criminal justice selection center must verify and document the applicant's experience and training and submit documentation that the applicant satisfies the requirements to the Commission. The Commission may require an exempt applicant to complete additional training, as it deems appropriate, based on the applicant's prior training experience.
2. Section 943.131, F.S., reads, "Within 1 year after receiving an exemption, an applicant who is exempt from completing the Commission-approved basic recruit training program must:
  - a. Complete all additional required training as required by the Commission.
  - b. Demonstrate proficiency in the high-liability areas as defined by Commission rule.
  - c. Complete the requirements of s. 943.13(10), F.S."
3. There are three programs for special operations forces that outline specific courses members need to take and the high liability areas in which they must demonstrate proficiency.
4. The programs have minor updates to reflect any legislative changes or corrections to the curricula in 2026.

**RECOMMENDATION(s):** Commission staff recommends the Commission approve the new and updated special operations forces programs with an effective date of July 1, 2027:

**3C-1:** *Correctional Officer Basic Recruit Training Program for Special Operations Forces*, #3020, version 2027.07 (Update)—239 hours

**3C-2:** *Correctional Probation Officer Basic Recruit Training for Special Operations Forces*, #3014, version 2027.07 (Update)—352 hours

**3C-3:** *Law Enforcement Basic Recruit Training Program for Special Operations Forces*, #3013, version 2027.07 (Update)—490 hours

#### VOTING IMPACT

**CONSEQUENCES OF A "YES" VOTE ON STAFF RECOMMENDATION:** A yes vote will permit full implementation of the updated special operations forces programs, providing a path for military members to become certified officers without having to take basic recruit training in its entirety.

**CONSEQUENCES OF A "NO" VOTE ON STAFF RECOMMENDATION:** A no vote may delay implementation of the updated special operations forces programs.

Approval of the Revision of Advanced Course, #016, Narcotics and Dangerous Drugs

### ISSUE

This agenda item is presented to the Commission to request approval of the revision of Advanced Course, #016, Narcotics and Dangerous Drugs.

### EXECUTIVE SUMMARY

1. The Commission is responsible for maintaining specialized training program courses for Commission-certified law enforcement, correctional, and correctional probation officers. Courses in the Advanced Training Program may be delivered using Criminal Justice Standards and Officer Training Trust Fund Monies.
2. Every year, several law enforcement officers throughout Florida attend and complete the 40-hour Advanced Course, #016, Narcotics and Dangerous Drugs. The training was developed 15 years ago and needed a revision. Therefore, Commission staff decided to update the course to ensure that Florida law enforcement officers receive the most current training on narcotics and dangerous drug investigations.
3. Commission staff worked with subject matter experts (SMEs) to update the curriculum to reflect contemporary methods and best practices for narcotics and dangerous drug investigations. The SME workgroup also developed a few optional and mandatory activities to help officers practice basic surveillance techniques in low-risk settings, plan and initiate drug investigations, and evaluate the suitability of confidential informants.

**RECOMMENDATION(s):** Commission staff recommends that the Commission approve the revised 40-hour Advanced Course, #016, Narcotics and Dangerous Drugs in the Advanced Training Program with an effective date of October 29, 2026.

### VOTING IMPACT

**CONSEQUENCES OF A “YES” VOTE ON STAFF RECOMMENDATION:** A “yes” vote shall make available the revised officer training on narcotics and dangerous drugs.

**CONSEQUENCES OF A “NO” VOTE ON STAFF RECOMMENDATION:** A “no” vote may delay the availability of the revised officer training on narcotics and dangerous drugs.

Request for Variance or Waiver: Request for a Waiver of Rule 11B-35.009(10), F.A.C., by Michael A. Perl.

### ISSUE

This agenda item is presented to the Commission by Michael A. Perl to request a permanent waiver of Rule 11B-35.009(10), F.A.C.

### EXECUTIVE SUMMARY

1. Petitioner is seeking a permanent waiver of Rule 11B-35.009(10), F.A.C., and wishes to waive that portion of the rule that states: "Individuals, who have qualified for an exemption from a Commission-approved Basic Recruit Training Program, pursuant to this rule section, shall become employed and certified as an officer within four years from the earlier of the beginning date of the required proficiency demonstration as entered on the Training Report form CJSTC-67 or the beginning date of the Special Operations Forces Training Program."
2. Petitioner previously served as a federal law enforcement officer. On August 22, 2013, Petitioner was granted an exemption pursuant to section 943.131(2), Fla. Stat., and Rule 11B-35.009, F.A.C. Thereafter, he successfully completed the required high liability proficiency demonstrations and the required Florida law enforcement proficiency training. On September 25, 2013, Petitioner completed and passed the Florida State Officer Certification Examination. Petitioner did not become employed and certified as a Florida law enforcement officer within the four-year period required by Rule 11B-35.009(10).
3. Petitioner cites to substantial hardship, as literal application of Rule 11B-35.009(10) would require Petitioner to complete the Basic Recruit Training Program, thereby causing a significant financial burden and a substantial loss of time.
4. Petitioner has not previously requested a similar waiver.

**RECOMMENDATION(S):** Commission staff recommends that the Commission DENY the petition for a waiver of Rule 11B-35.009(10).

### VOTING IMPACT

**CONSEQUENCES OF A "YES" VOTE ON STAFF RECOMMENDATION:** Mr. Perl's request for a permanent waiver of Rule 11B-35.009(10), F.A.C. shall not be granted and he will not be eligible to become a certified law enforcement officer.

**CONSEQUENCES OF A "NO" VOTE ON STAFF RECOMMENDATION:** Mr. request for a permanent waiver of Rule 11B-35.009(10), F.A.C., shall be granted and he shall be eligible to become a certified law enforcement officer.

**Section 120.542, F.S., Variances and Waivers,** mandates threshold proofs and notice provisions for variances and waivers from agency rules. Subsection (2) of this statute states:

variances and waivers shall be granted when the person subject to the rule demonstrates that the purpose of the underlying statute will be or has been achieved by other means by the person and when application of a rule would create a substantial hardship or would violate principles of fairness. For purposes of this section, “substantial hardship” means a demonstrated economic, technological, legal, or other type of hardship to the person requesting the variance or waiver. For purposes of this section, “principles of fairness” are violated when the literal application of a rule affects a particular person in a manner significantly different from the way it affects other similarly situated persons who are subject to the rule.

**BEFORE THE STATE OF FLORIDA  
CRIMINAL JUSTICE STANDARDS AND TRAINING COMMISSION**

**AMENDED PETITION FOR PERMANENT WAIVER OF RULE 11B-35.009(10),  
FLORIDA ADMINISTRATIVE CODE**

Petitioner, Michael A. Perl, pursuant to section 120.542, Florida Statutes, and Chapter 28-104, Florida Administrative Code, respectfully petitions the Criminal Justice Standards and Training Commission for a permanent waiver of the applicable provisions of Rule 11B-35.009(10), Florida Administrative Code, and states as follows:

Petitioner seeks relief from the four year requirement contained in Rule 11B-35.009(10), Florida Administrative Code, which requires an individual who has qualified for an exemption from a Commission approved Basic Recruit Training Program to become employed and certified as an officer within four years from the applicable beginning date established by the rule.

Petitioner previously qualified for Florida's Equivalency of Training process, successfully completed the required high liability proficiency demonstrations, completed the required Florida law enforcement proficiency training, and passed the Florida Law Enforcement State Officer Certification Examination.

Petitioner did not thereafter become employed and certified as a Florida law enforcement officer within the four year period prescribed by Rule 11B-35.009(10).

Petitioner respectfully requests that the Commission waive application of that four year limitation and permit Petitioner to again establish his present competency through current proficiency demonstrations, updated Florida specific training, the State Officer Certification Examination, or such other reasonable requirements as the Commission determines appropriate, without requiring Petitioner to complete the entire Florida Basic Recruit Training Program.

Petitioner does not seek a waiver of Florida's current competency, proficiency, character, examination, or qualification standards. Petitioner affirmatively agrees to satisfy such current requirements as the Commission determines necessary to accomplish the purposes of Florida's officer training and certification statutes.

Petitioner does not seek an indefinite exemption from Florida's employment and certification requirements. Petitioner requests only that the Commission waive the expired four year limitation contained in Rule 11B-35.009(10), permit Petitioner to demonstrate present

competency through such current proficiency demonstrations, Florida specific training, examination, or other requirements as the Commission determines appropriate, and thereafter pursue qualifying employment and certification under the conditions established by the Commission.

## **LEGAL STANDARD**

Section 120.542(2), Florida Statutes, provides that a variance or waiver shall be granted when the person subject to the rule demonstrates that the purpose of the underlying statute will be or has been achieved by other means and application of the rule would create a substantial hardship or violate principles of fairness.

For purposes of section 120.542, substantial hardship includes a demonstrated economic, technological, legal, or other type of hardship to the person requesting relief.

Rule 11B-35.009 implements section 943.131(2), Florida Statutes, governing exemptions from Commission approved Basic Recruit Training requirements.

Rule 11B-35.009(10) provides that individuals who have qualified for an exemption from a Commission approved Basic Recruit Training Program shall become employed and certified as an officer within four years from the earlier of the beginning date of the required proficiency demonstration as entered on the Training Report form CJSTC-67 or the beginning date of the Special Operations Forces Training Program.

Petitioner respectfully submits that the circumstances described herein establish substantial hardship and that the purposes underlying Florida's law enforcement officer training and certification requirements can be fully achieved through current, objective demonstrations of Petitioner's competency without requiring repetition of the entire Basic Recruit Training Program.

## **FACTUAL BASIS**

Petitioner previously served as a federal law enforcement officer and subsequently sought certification as a Florida law enforcement officer through Florida's Equivalency of Training process.

On August 22, 2013, Petitioner was granted Equivalency of Training pursuant to section 943.131(2), Florida Statutes, and Rule 11B-35.009, Florida Administrative Code.

In connection with that process, Petitioner successfully completed the Law Enforcement Officer Proficiency Course, FDLE Course No. 214, consisting of 43 hours of training.

Petitioner also successfully demonstrated proficiency in each of the required law enforcement high liability areas:

1. Defensive Tactics, August 19, 2013;
2. First Aid, August 20, 2013;
3. Firearms, August 21, 2013; and
4. Vehicle Operations, August 22, 2013.

Petitioner's CJSTC-76A Equivalency of Training Proficiency Demonstration reflects completion of the proficiency requirements applicable to his exemption process.

Thereafter, on September 25, 2013, Petitioner took and passed the Florida Law Enforcement State Officer Certification Examination.

Petitioner therefore successfully completed Florida's Equivalency of Training process, successfully demonstrated proficiency in the required high liability areas, completed the required proficiency course, and successfully passed the Florida State Officer Certification Examination.

Petitioner did not thereafter obtain qualifying employment and certification with a Florida criminal justice agency within the four year period prescribed by Rule 11B-35.009(10), Florida Administrative Code.

#### **CIRCUMSTANCES RESULTING IN THE LAPSE**

Petitioner's failure to obtain qualifying Florida law enforcement employment and certification during the prescribed period was not attributable to an inability to satisfy Florida's training, proficiency, or examination standards.

At that stage of Petitioner's life, significant family and financial responsibilities caused him to pursue the private sector rather than immediately return to full time law enforcement.

Petitioner had recently concluded a lengthy career as a Special Agent with the United States Secret Service. That career required extensive travel, frequently resulting in Petitioner spending more than fifty percent of his working time away from home and missing significant family events and obligations.

Following his federal service, Petitioner made a deliberate decision to prioritize his responsibilities to his wife and children and pursue a professional path that would permit him to remain more consistently present with his family.

Petitioner therefore established a private sector business that provided both the financial stability and flexibility necessary to meet those responsibilities.

Although Petitioner had successfully completed Florida's EOT requirements and passed the State Officer Certification Examination, those family and financial circumstances led him not to pursue appointment with a Florida criminal justice agency during the four year period.

Petitioner's circumstances have since changed, and he now seeks the opportunity to return to public service as a Florida law enforcement officer.

### **SUBSTANTIAL HARDSHIP**

Literal application of Rule 11B-35.009(10) would prevent Petitioner from relying upon his prior approved exemption and would require him to complete the entire Basic Recruit Training Program before again pursuing Florida law enforcement certification, notwithstanding his prior successful completion of Florida's formal EOT process, required proficiency demonstrations, Florida specific proficiency training, and State Officer Certification Examination.

Requiring completion of the entire Basic Recruit Training Program would impose substantial economic and practical hardship, including the significant time and financial burden associated with attending a full recruit academy and substantial duplication of training and competencies previously completed and demonstrated to the State of Florida.

Petitioner recognizes that a significant period has elapsed since completion of his prior requirements and does not request that the Commission presume that Petitioner's 2013 knowledge or proficiency remains current.

Instead, Petitioner respectfully requests the opportunity to demonstrate present competency through objective measures established by the Commission.

Petitioner is willing to repeat the current law enforcement high liability proficiency requirements, complete current Florida specific legal and other updated training identified by the Commission, satisfy current firearms qualification requirements, and retake and pass the current Florida Law Enforcement State Officer Certification Examination.

This approach directly addresses any concern arising from the passage of time while avoiding the unnecessary requirement that Petitioner repeat an entire Basic Recruit Training Program.

## **PURPOSE OF THE UNDERLYING STATUTE CAN BE ACHIEVED BY OTHER MEANS**

The purpose of Florida's officer training and certification requirements is to ensure that persons certified as Florida law enforcement officers possess the training, knowledge, proficiency, and qualifications necessary to perform the duties of a law enforcement officer.

Granting the requested waiver would not diminish those standards.

Florida previously evaluated and approved Petitioner's qualifications through its formal Equivalency of Training process. Petitioner subsequently demonstrated proficiency in each required high liability area, completed the required Florida proficiency training, and passed the Florida State Officer Certification Examination.

More importantly, Petitioner affirmatively offers to demonstrate that he presently satisfies Florida's standards.

Current Rule 11B-35.009 requires exempt officers to demonstrate proficiency in vehicle operations, firearms, defensive tactics, and first aid, complete specified additional training applicable to the law enforcement discipline, and achieve a passing score on the State Officer Certification Examination.

Accordingly, the Commission can fully accomplish the purpose of the underlying statute by conditioning any waiver upon Petitioner's successful completion of current high liability proficiency demonstrations, current Florida specific training, successful completion of the current State Officer Certification Examination, and such other reasonable requirements as the Commission determines appropriate.

Those measures would provide objective and current evidence of Petitioner's competency while avoiding unnecessary repetition of an entire Basic Recruit Training Program.

## **PRINCIPLES OF FAIRNESS**

Petitioner respectfully submits that the requested relief is also consistent with principles of fairness contemplated by section 120.542, Florida Statutes.

Petitioner did not fail Florida's training or certification requirements. To the contrary, Florida previously determined that Petitioner qualified for the Equivalency of Training process, after which he completed the required proficiency training, demonstrated proficiency in all required high liability areas, and passed the State Officer Certification Examination.

The sole circumstance requiring relief is the expiration of the four year period in Rule 11B-35.009(10) before Petitioner obtained qualifying Florida employment and certification.

Petitioner does not ask the Commission to disregard the passage of time. He asks only for the opportunity to again demonstrate, under standards established by the Commission, that he presently possesses the knowledge and proficiency required of a Florida law enforcement officer.

Requiring Petitioner to complete an entire Basic Recruit Training Program when current competency can be demonstrated through objective Commission approved training, proficiency testing, and examination would impose a substantial hardship beyond what is necessary to accomplish the purpose of the underlying statute.

### **RELIEF REQUESTED**

WHEREFORE, Petitioner, Michael A. Perl, respectfully requests that the Criminal Justice Standards and Training Commission:

1. GRANT Petitioner a permanent waiver of the four year employment and certification requirement contained in Rule 11B-35.009(10), Florida Administrative Code;
2. Permit Petitioner to pursue Florida law enforcement officer certification without completing the entire Basic Recruit Training Program;
3. Permit Petitioner instead to establish present competency through current high liability proficiency demonstrations, current Florida specific training, the State Officer Certification Examination, and such other reasonable requirements as the Commission determines appropriate;
4. DATE: SEPTEMBER 29, 2026

OFFICE OF GENERAL COUNSEL:

I, DONALD CURTIS HUNTER, PETITIONER, RESPECTFULLY REQUEST FROM THE COMMISSION A PERMANENT WAIVER OR VARIANCE AS PROVIDED BY F.S. 28-104.002, PETITION FOR WAIVER OF OR VARIANCE FROM FLORIDA ADMINISTRATIVE RULE 11B-35, 11B-27.002(4), 11B-27.002(4)(a) SUBSECTION (b)1 and 2, AND FLORIDA LAW IMPLEMENT CITATION 28-104, FOR F.S. 120, AT 120.52, SECTIONS 120.542, SECTION 120.52(17), 120.52(21), 120.52(22), 943.12(1)-(5), 943.13, 943.133, 943.139 AND 943.1395 (1)-(5). MY REQUEST IS FOR WAIVER OF OR VARIANCE FROM THE REQUIREMENT OF OBTAINING EMPLOYMENT OR APPPOINTMENT WITHIN FOUR YEARS OF BEGINNING OF STATE STIPULATED AND REQUIRED TRAINING FOR A SWORN LAW ENFORCEMENT POSITION AT A STATE APPROVED ACADEMY, WHICH STATES IN PART:

11B-27.002(4)(a) Within four years of the beginning date of a Commission-approved Basic Recruit Training Program, an individual shall successfully complete the program, achieve a passing score on the applicable State Officer Certification Examination, and gain employment, and certification as an officer.

(b) An individual who fails to comply with the requirements in paragraph (4)(a) of this rule section, for the discipline in which the training was completed, within four years of the date of beginning such training, shall as a condition for obtaining employment, comply with the following:

1. Successfully complete a Commission-approved Basic Recruit Training Program pursuant to Rule 11B-35.002, F.A.C., or qualify for an exemption from a Commission-approved Basic Recruit Training Program, pursuant to Section 943.131(2), F.S., to include demonstration of proficiency in the High-Liability Basic Recruit Training Courses pursuant to Rule 11B-35.0024, F.A.C.; and, if applicable, completion of the Special Operations Forces Training Program, pursuant to Rule 11B-35.009, F.A.C., and
2. Achieve a passing score on the State Officer Certification Examination.

I have successfully completed both the Florida Basic Law Enforcement Academy Southwest Florida Basic Recruit Academy, a state authorized Equivalency of Training (EOT) high-risk training program at the same academy (2021) and passed the state competency examination (2021) as required by Florida statute and Commission rules.

I am a Florida native and a thirty-five (35) year Florida law enforcement officer having served as a special weapons and tactics (SWAT) trainer/operator/commander, hostage negotiator, narcotics and vice enforcement investigator/commander, law enforcement agency training commander and ultimately served both as a twenty (20) year elected Sheriff (Collier County, Florida) and three (3) year Chief of Police (Marco Island, Florida) without any disciplinary record or blemish in my career. I fully understand and support the efforts of our state and the Criminal Justice Standards and Training Commission in codifying training standards to create the foremost cadre of law enforcement officers in the nation.

I ask that the Commission recognize an exception to the employment or appointment rule and grant a waiver to the rule due to my significant **hardship** experienced during the affected period.

On June 20, 2021, my wife (Melissa) of twenty-one (21) years separated informally from me as a marital partner. In July of calendar year 2021 Melissa filed for dissolution formally triggering the process of asset distribution determination and residential considerations. During the divorce process I began my consultation with divorce counsel which informed my decisions on employment during the ensuing months till formal settlement January 2023. Unfortunately, pursuant to the Marital Settlement Agreement I was required to surrender my residence (the marital home) to my former spouse. On or about the same date (January 1, 2023) I began moving personal property into a rental home I had previously purchased and that I was permitted to retain in the state of North Carolina. From January 2023 to March of 2025 due to depressed financial considerations, I became for all practical considerations a resident of North Carolina though I travelled frequently between states for my eldest daughter's health care and assistance. In March of 2025 I was financially able to purchase a small residential condominium unit in Naples Florida to re-establish physical residency. During the period of January 2023 to July 2026, I was a part-time caretaker for my eldest daughter who was suffering an as

yet to be properly diagnosed illness requiring multiple ambulance transports, surgical intervention, and hospital stays requiring either my presence or assistance with my daughter and my daughter's minor child (my granddaughter). My daughter's illness extends from October 2018 to present and includes major surgery.

I have been a resident of Naples for approximately sixty-three (63) years and hope to be employed in (or) nearby Collier County, Florida to assist my daughter with her (undiagnosed) condition. My opportunities for employment/appointment in Collier County are significantly limited for certified law enforcement work. Employment with either the Collier County Sheriff's Office or Marco Island Police Department is perhaps politically untenable due to my having served both agencies as the agency head.) For instance, I did seek employment in August 2025 with Marco Island Police Department but was denied the opportunity by then Chief of Police Tracy Frazzano. I have conducted discussions with my successor, Sheriff Rambosk and he agreed that my appointment within the Collier County Sheriff's Office would likely create an undesirable tension.

My academy credentialing reflects basic academy graduation June 1980 with subsequent and various academy instruction or instruction/training internally at my agency of appointment with a graduation/certification of completion of equivalency of training (EOT) November 12, 2020, and I successfully passed the state competency examination October 1, 2021 (with a score of 91% according to the test facilitator).

My record in law enforcement is unblemished and unsullied by complaints or disciplinary actions. I firmly resolve to continue this path of public service as an ethical and professional member of our law enforcement profession.

I humbly and respectfully ask the Commission for a favorable vote of support for my request for a permanent waiver and variance that will permit me to seek law enforcement employment as a certified law enforcement member of our profession.

Respectfully Submitted,

*Don Hunter*

Florida Criminal Justice Standards and Training Commission

Re: Letter of Support for Rule Waiver on Behalf of Former Collier County Sheriff Don Hunter

Commissioners:

I am writing to express my strong support former Collier County Sheriff Don Hunter's request for a waiver of Rule 11B-35.009(10), Florida Administrative Code pertaining to the four (4) year requirement for employment after mandatory state training and demonstration by examination of competency.

Former Sheriff Hunter's background, and lifelong contributions to Florida law enforcement, overall qualifications and circumstances are worthy of consideration. He has more than thirty-five (35) years of law enforcement experience, including twenty (20) years serving as the elected Sheriff of Collier County. His career has provided him with an extraordinary depth of knowledge in virtually every aspect of modern law enforcement.

In summary, granting this waiver would allow Sheriff Hunter to continue to add value to the state of Florida and the in a law enforcement community. This would allow him to serve in an academy /in-service instructor position, and/or volunteer/auxiliary/hired law enforcement positions.

Respectfully, CMD

## AGENDA ITEM: 5

Criminal Justice Standards and Training Commission Proposed Rules 11B-27.0021(2)(f), F.A.C.

### ISSUE

This agenda item is presented to the Commission to request approval of a proposed change to the Criminal Justice Standards and Training Commission's Rule 11B-27.0021(2)(f), F.A.C.

### EXECUTIVE SUMMARY

1. Staff identified a requirement in Rule 11B-27.0021(2)(f), F.A.C., related to notarization that was incorrectly worded and redundant. This requirement is also causing significant hardship to employing agencies hiring officers with foreign education.
2. The recommended change amends the rule language to remove incorrect notarization requirement and allows foreign college degrees to meet the education requirement to provide more options for agencies to demonstrate compliance with s. 943.13(3), F.S. (Attachment 1)

**RECOMMENDATION(s):** Commission staff recommends the Commission approve the rule revision as presented and direct Commission staff to include the revision in the rule package that was approved during the August meeting.

### VOTING IMPACT

**CONSEQUENCES OF A "YES" VOTE ON FDLE CRIMINAL JUSTICE PROFESSIONALISM STAFF:** A yes vote will approve Commission staff's recommended revision to Rule 11B-27.0021(2)(f), F.A.C., and direct staff to include the revision in the rule package that is beginning promulgation currently.

**CONSEQUENCES OF A "NO" VOTE ON FDLE CRIMINAL JUSTICE PROFESSIONALISM STAFF:** A no vote will not approve Commission staff's recommended revision to Rule 11B-27.0021(2)(f), F.A.C.

### SUPPORTING INFORMATION

**Attachment 1:** Proposed Rule 11B-27.0021(2)(f), F.A.C.

### **11B-27.0021 High School Graduation or Equivalent.**

(1) A high school graduate shall be an individual who has completed a secondary education program through a public school, private school, an equivalency diploma program, or home education program through an educational provider recognized by a public educational system within the United States or its territories, or received a foreign high school diploma.

(2) Compliance with this rule section shall be documented by the employing agency and made available to Commission staff for review. Criteria for proof of compliance and authenticity of the diploma includes:

- (a) A high school diploma or high school equivalency diploma issued by a public school education program; or
- (b) A diploma issued by a private school.

(c) A letter on the letterhead from a School Board District Office or high school principal verifying completion of a high school program and issuance of a high school diploma.

(d) For individuals who have completed a home school program, documentation that the education program has met the requirements of Section 1002.41, F.S., or of the Department of Education from the state where the home school program was completed.

(e) Proof that the diploma has been accepted by an accredited college or university, as defined in Section 943.22(1), F.S., for entrance into a degree seeking program.

(f) For individuals who have completed an education program in a foreign jurisdiction, documentation that the diploma or official school transcript, indicating the date of graduation or completion, is equivalent to the requirements for a U.S. High School Diploma or equivalency diploma. Documents shall be transcribed by a certified translator ~~and notarized as true and correct.~~ An associate degree or higher from a foreign college or university shall be acceptable as meeting the educational requirements of this rule section. The degree or official school transcript, indicating the date of graduation or completion shall be transcribed by a certified translator. Applicants would still have to complete the Basic Abilities Test prior to entrance into a Basic Recruit Training Program (B RTP) unless otherwise exempt, ensuring they possess the minimum skills necessary to complete the B RTP.

(3) In the absence of proof of successful high school graduation, the following shall be acceptable as meeting the minimum educational requirements:

(a) Transcript verification of successful completion of one of the following educational requirements from an institution accredited by an accrediting body recognized by the United States Department of Education or licensed as a degree granting institution by the Commission for Independent Education, pursuant to Section 1005.02(7), F.S., shall be acceptable as meeting the educational requirements of this rule section:

- 1. At least 30 semester hours; or
- 2. 45 quarter hours of college work; or
- 3. An associate or higher degree.

(b) A certificate issued by the United States Armed Forces Institute (U.S.A.F.I.) prior to December 31, 1974, showing successful completion of high school equivalency.

# FLORIDA DEPARTMENT OF CORRECTIONS OFFICE OF HUMAN RESOURCES

## Petition to Initiate Rulemaking Under Section 120.54(7), Florida Statutes

Petitioner: Florida Department of Corrections

Agency Petitioned: Criminal Justice Standards and Training Commission (CJSTC)

Subject: Amendment to Florida Administrative Code 11B-27.0021(2)(f)

### Statement of Action Requested

The Florida Department of Corrections hereby petitions the Criminal Justice Standards and Training Commission to initiate rulemaking pursuant to section 120.54(7), Florida Statutes. The petitioner respectfully requests amendment of Rule 11B-27.0021(2)(f), F.A.C., to remove the requirement that foreign educational documents be 'notarized as true and correct.'

### Current Rule Language (11B-27.0021(2)(f))

For individuals who have completed an education program in a foreign jurisdiction, documentation must show the diploma or transcript is equivalent to a U.S. High School Diploma. Documents must be transcribed by a certified translator and notarized as true and correct.

### Proposed Amendment

Delete the words 'and notarized as true and correct' from subsection (f). The revised language would read: 'Documents shall be transcribed by a certified translator.'

### Statement of Facts and Circumstances Justifying Rule Change

1. Legal Misalignment: Florida notaries, governed by Chapter 117, Florida Statutes, may verify only the identity and willingness of a signer. They are not authorized to certify the substantive accuracy of foreign diplomas or translations. The rule's requirement exceeds lawful notarial authority.

2. Professional Attestation Already Provided: Certified translators and credential evaluators already certify accuracy, authenticity, and equivalency. NACES-member evaluators operate under rigorous ethical and professional standards, rendering additional notarization redundant.
3. Practical Impossibility of Compliance: Most credential evaluation services do not provide notarial services. Only one or two nationwide offer combined translation and notarization. Applicants must otherwise attempt complex, costly, and inconsistent third-party notarization processes.
4. Workforce and Equity Impact: The requirement creates disproportionate burdens for foreign-educated applicants, including immigrants, refugees, and veterans. These barriers delay hiring, reduce candidate pools, and impair agencies' ability to meet workforce needs.
5. Standards Maintained: Removing the notary requirement preserves all essential verification safeguards while eliminating unnecessary procedural burdens and aligning the rule with legitimate verification practices.

## Supporting Evidence

Credential evaluators and certified translators already provide sworn or certified statements attesting to the accuracy of translations and the authenticity of evaluated documents. These attestations provide far more reliable validation than a notarial seal, which cannot address content accuracy.

## Conclusion

For the reasons detailed above, the Florida Department of Corrections respectfully requests that the Criminal Justice Standards and Training Commission initiate rulemaking to amend Rule 11B-27.0021(2)(f) by removing the requirement that documents be 'notarized as true and correct.' This revision eliminates an unnecessary barrier without diminishing verification standards or public safety.

## AGENDA ITEM: J

General Information Agenda Item: Curriculum Updates Pursuant to Section 943.17, F.S.

### ISSUE

This agenda item is presented to the Commission in compliance with the statutory requirement for staff to advise the Commission of any revision to approved basic recruit, advanced, and specialized curricula.

### EXECUTIVE SUMMARY

1. Pursuant to s. 943.17, F.S., the Commission is responsible for the development and maintenance of basic recruit, advanced, and specialized training programs for Florida law enforcement, correctional, and correctional probation officers. Section 943.17(3), F.S., provides that the Commission is responsible for the accuracy of curriculum content through the identification and revision of typographical or grammatical errors, incorrect statutory citations, or information which can be identified as inaccurate by superior references. The statute states that the Commission shall be advised of any revision, and a copy of revised curricula shall be provided to all criminal justice training schools.
2. Curriculum alerts were created in an ongoing effort to ensure that Florida officers receive accurate and up-to-date information in curricula approved by the Criminal Justice Standards and Training Commission. Curriculum alerts highlight revisions to approved curricula that are considered critical in nature. Revisions come from several sources including subject matter experts, instructors, officers, agencies, and superior references, such as the legislature and a court of jurisdiction. Curriculum alerts are distributed to training schools and posted on the FDLE website and the Automated Training Management System.
3. To further formalize and document revisions to the Commission's approved curricula under s. 943.17(3), F.S., an issue is included in each quarterly meeting packet to identify the Commission courses that have been revised within the previous quarter.
4. The curriculum changes that are reflective of "legislative action" only will be included in this agenda item. Impacted course curricula will be distributed to the training schools and certified instructors with other Commission-approved curriculum updates.

**RECOMMENDATION(S):** This agenda item does not require Commission action.

#### Lesson 4: Weapons and Firearms Possession

#### Lawful Uses of Weapons and Firearms, page 94

Following the decision in *McDaniels v. State*, an individual who is lawfully in possession of a firearm may now openly carry that firearm in public unless another statute specifically prohibits it. Furthermore, in *Eubanks v. State*, an appeals court struck down the provision under s. 790.06(2), F.S., that prohibits concealed carry for persons under 21. This means that an individual between the ages of 18 and 20 who is otherwise eligible may now lawfully possess and carry concealed firearms without a permit. Therefore, while a person under 21 may not purchase or carry concealed firearms under sections 790.065(13) and 790.06(2), F.S., and open carry by such individuals between the ages of 18 and 20 is not prohibited and cannot be treated as unlawful solely based on age.

#### **Unit 2: Legal Concepts**

#### **Lesson 6: Use of Force**

#### **Florida Statutes on Use of Force, page 101**

Other statutory provisions regarding the use of force that an officer should be aware of include:

*776.051 Use or threatened use of force in resisting arrest or detention ~~making an arrest or in the execution of a legal duty~~; prohibition. —*

*~~(1) A person is not justified in the use or threatened use of force to resist any arrest or detention by a law enforcement officer, or to resist a law enforcement officer who is engaged in the performance of his or her official duties as described in s. 943.10(1) execution of a legal duty, if the law enforcement officer was acting in good faith and he or she is known, or reasonably appears, to be a law enforcement officer. As used in this section, the term “acting in good faith” means to make sincere and reasonable efforts to comply with legal requirements, even if the arrest, detention, or other act is later found to have been unlawful.~~*

*~~(2) A law enforcement officer, or any person whom the officer has summoned or directed to assist him or her, is not justified in the use of force if the arrest or execution of a legal duty is unlawful and known by him or her to be unlawful.~~*

This provision is important in that officers must be aware that any use of force in addition to meeting the constitutional requirements set forth thus far must also be based on lawful arrest or the lawful execution of the officer's duties as described in subsection (2) of s. 776.051, F.S.
